

## HOUSE FRAMES BILL TO CRIPPLE OPA

CHINESE REDS  
HOLD CAPITAL  
OF MANCHURIAGOVERNMENT FORCE  
CUT OFF FROM  
OUTSIDE AID

Chungking, Thursday, April 18 (AP)—An official central news dispatch from Changchun early today said Chinese Communist forces had seized the greater part of the Manchurian capital city after 12 hours of severe fighting with the Nationalist garrison.

Government forces were short of ammunition, the dispatch added, but they were receiving constant air support.

This was the first mention of the government's use of aircraft in the Manchurian fighting. Earlier dispatches had reported loss of Changchun's airfields to the Communists early in the battle for the city.

The dispatch estimated the Communist force attacking Changchun as ten times that of the Nationalist garrison.

Peiping, April 17 (AP)—Chinese Communists fought toward the fortified heart of Changchun today after seizing the Manchurian capital's railway station and beating back a hopelessly outnumbered government garrison cut off from air or rail reinforcement.

As Chinese battled Chinese from the streets, office buildings, and rooftops in Changchun, General Marshall arrived in Peiping by plane from Tokyo for a supreme effort to check the spreading flames of civil war.

(Chinese officials in Chungking speculated he carried a stern demand by the United States for an immediate truce in Manchuria.)

Associated Press correspondent Tom Masterson, caught in the crossfire in Changchun, relayed an account of the conflict in which 4,000 Chinese government troops, bolstered by 3,000 local recruits, battled 40,000 Communist attackers.

Defenders Isolated

A Communist column, which struck the city from the northwest, mounted machineguns and mortars on rooftops and captured Changchun's only railway station in a night-long battle.

From this position, the Communists could look southeast a mile and a half down the broad main thoroughfare to the great plaza where Maj. Gen. Chen Chia-chen, commander of the government garrison, was dug in behind sand-bagged emplacements.

The fall of the railway station further isolated the government defenders, who already had seen the three outlying airfields drop swiftly into Communist hands in Sunday's opening assault.

Other Communist columns were attacking from the north and south. Some observers in Peiping expressed doubt the garrison could hold out for the estimated fight up the last 60 miles from seven days it will take the U. S.-Armed Chinese First army to the south.

The flanks of the government garrison were strongly protected, however, by modern five and six-story office buildings built by the Japanese along the eight streets fanning out from the plaza.

Previous dispatches had indicated government troops were running low on ammunition, although they yet had plenty to eat.

Americans Dodge Bullets

Masterson said the city's main hotel, the Yamato—only 100 yards east of the railway station across a plaza—was cut off by telephone from the rest of the city.

In the hotel were Maj. Robert B. Riggs, Chicago, assistant U. S. military attache, and a staff of

Plucky GI's Show  
That Amputations  
Are No Bar To Jobs

BY KATHRYN UMPHREY  
Battle Creek, Mich., April 17 (AP)—A score of determined plucky GI's at this army amputation center commanded the quiet attention and admiration of more than 300 Midwest industrialists as they demonstrated their skill at driving, walking, operating machines and the like here today.

When it was all over Pfc. Francis R. Nauman, of St. Louis, Mo., an arm amputee, said "Well, I hope it does some good." Echoing this was Pfc. Edward Brimley, 1242 Bensch, Lansing, who commented, "I think it did a lot of good. At least they know how we feel and that we can work."

The demonstration was a part of a "call to action" industrial conference attended by businessmen from Michigan, Indiana and Ohio, in an effort to help solve the handicapped veterans' most serious problem—finding a job he can do.

It was Pfc. Jimmy Norton, Somerset, Ky., who wears two artificial arms, who really stole the show as he drove a jeep around the gymnasium floor, backing into doorways and executing sharp turns and quick stops. Grinning, he ended his performance by stepping within two inches of Major Harry F. Robbins.

Major Robbins, chief of the reconditioning department at Percy Jones hospital center, conducted the demonstration, showing the industrialists the complete program a patient undergoes from the time he has his amputation until he walks out under his own steam as a civilian.

Following the show, Major Robbins declared, "This should prove that these men are not asking for 'breaks' for extra privileges or priorities as brass rail policies."

"We do not ask that these men be considered for employment on the basis of national moral responsibility," he said, "but rather that they be considered on their individual merits. We think you will find they will serve you productively and safely."

FLINT TROLLEY  
DRIVERS STRIKE

Daily Passenger Load  
Of 73,000 Left To  
Shift For Itself

Flint, Mich., April 17 (AP)—Striking trolley coach operators tonight called a ten-day truce in their day-long strike and decided to go back to work Thursday.

The strikers, demanding reinstatement of a dismissed driver, voted 53 to 23 at a mass meeting to submit the grievance to arbitration, as provided in their contract with Flint Trolley Coach, Inc.

Local officials of the CIO Transport Workers of America emphasized, however, that the drivers would walk out again unless the dispute is settled within the allotted ten days. The company said it fired the driver for coming to work drunk.

The city's daily passenger load of 73,000 had been left to shift for itself when 129 workers struck this morning. Flint was the sixth Michigan city hit by a transportation strike within the past two weeks.

No severe consequences were reported, however. Schools and factories—General Motors plants employ nearly 40,000 workers here—reported considerable tardiness early in the day but said that absenteeism was not great.

The trolley coaches, which are privately owned, are the only means of public transportation in this city of 155,000 population.

Prices Increased  
12 to 15 Per Cent  
On Work Clothes

Washington, April 17 (AP)—OPA today authorized an immediate increase of 12 to 15 per cent in retail prices for work clothes.

The increase, applicable to such garments as overalls, work shirts and overall jackets, is the result OPA said, of higher prices for rayon cotton and textiles, and recent wage increases in the clothing industry.

Under the new price schedule, workers will pay for example \$1.70 instead of \$1.40 at most independent retail stores for a sanforized chambray work shirt, and \$2.72 instead of \$2.44 for sanforized denim bib overalls.

OPA said it had found that higher prices being granted simultaneously to work clothing manufacturers cannot be absorbed by dealers. This necessitates reflection of the entire increase at retail the agency added.

RIVALS FOR PHILIPPINE PRESIDENCY—One of the two men above will be the first President of an independent Philippines. They are Sergio Osmena, left, present head of the commonwealth, and Brig.-Gen. Manuel Roxas, 54, president of the Philippine Senate until the Jap occupation. Osmena, 67, succeeded to the presidency upon the death in office of the late Manuel Quezon. Philippine elections are scheduled for April 23. (NEA Photo.)

Poles Fear Terrible  
Nazi Weapons Being  
Developed In Spain

BY CHARLES A. GRUMICH  
New York, April 17 (AP)—Poland told the United Nations Security Council today there were some indications of Nazi scientific efforts to carry on atomic research in Spain and suggested that weapons even more terrible than the atomic bomb might be under experimentation there.

The statement was made by Polish Delegate Oscar Lange with his demand that the United Nations collectively back off diplomatic relations with the regime of Generalissimo Francisco Franco.

France and Mexico joined in Poland's effort to isolate Franco Spain from all the fifty-one members of the United Nations.

Edward R. Stettinius, Jr., the United States delegate, ended the day's debate with a brief restatement of American objectives: (1) that the Franco government should be removed by the Spanish people and (2) that the overthrow should be peaceful. He did not say definitely how the U. S. would vote on the Polish resolution.

The French delegate, Henri Bonnet, asserted that "continuation of the existing situation in Spain constitutes a danger for international peace and security."

Lange, in an hour-long arraignment of the Franco government, told the council and observers that six uranium mines existed in Spain, and suggested that their output could be the basis of atomic research there. He then asked the Allied governments on the score of secrecy surrounding any mention of the newest known weapons of the atomic age.

"The question has been raised," Lange said, "whether atomic energy projects are actually in operation in Spain. There seems to be some indication that at least an effort is being made in this direction, though some of the governments represented at this table may have more information about it than up to now they have been willing to disclose to the world public. This question, however, is a secondary one."

Lange pointed to the frictions which closed the French frontier as a more immediate threat to peace.

He referred to the charges of the Spanish Republican leadership exiled in Paris that Franco had a quarter million troops massed along the French border and a total of 450,000 bivouacked within striking distance of France. Then the Polish delegate deliberately demanded:

"Do we have to wait until they open fire on each other?"

Gold Fever Hits  
South Africa; Rich  
Deposit Is Hunted

BY R. F. S. DEWDNEY  
Johannesburg, South Africa, April 17 (AP)—A wild gold rush and feverish speculative buying swept South Africa today with the reported rediscovered secret of a fabulous strike in northwestern Orange Free State.

The gold fever was fanned to epidemic proportions by announcement by Western Holdings, Ltd., a mining firm, of deposits yielding 62.6 ounces of gold per ton of ore in early tests—about \$2,170 a ton. The usual yield here is a quarter ounce per ton.

For years the secret had been locked in the graves of two forgotten prospectors who were said to have found a rich deposit near the surface close to the little village of Odendaals-Rust.

Speculators rushed to the area near Odendaals-Rust, while in this capital business was virtually at a standstill as many joined a mad scramble to buy property in the neighborhood of the strike.

The council, formed at Mackinac Island last summer, is designed to coordinate the tourist programs of Michigan, Wisconsin, Minnesota and Ontario.

The council also will receive a report on a survey of transportation facilities in the area.

Tourist Council members reported to Kelly their confidence that Michigan resort operators will not "take advantage" of the shortage of facilities this summer in demand for accommodation. Kelly said the council estimated there will be about 10 per cent more accommodations available this year than last and that the tourist industry hoped to lengthen the season to handle the demands.

The 1946 season, Kelly said, will provide operators with an estimate of the new accommodations needed in advance of the time when materials are more plentiful.

DERMATOLOGIST DEAD

Detroit, April 17 (AP)—Dr. Robert C. Jamieson, ranking Detroit dermatologist and author of medical volumes, died today at Harper hospital after a long illness. He was 64 years old.

A recognized leader in dermatology, he was on the staffs of three Detroit hospitals and a lecturer at Wayne University college of medicine.

FIREMEN QUIT

Reed City, April 17 (AP)—Reed City's fire chief and two firemen, all volunteers, quit today after demands for more pay were turned down.

Fred Roberts, the chief, receives \$75 a year and the crew members \$3 a call each.

FORD FACTORY  
CLOSED AGAIN  
BY SHORTAGESTOTAL ASSEMBLIES  
FOR WEEK STILL  
TOP 50,000

Detroit, April 17 (AP)—The meager output of the nation's automobile assembly plants will be cut by about 5,000 units this week by the shutdown of the Ford Motor company, starting today.

In announcing that 45,000 of its production workers would be laid off commencing tonight the company said it was due to a steel shortage and lack of parts from supplier plants affected by strikes.

The shortages, said a company statement "run the gamut from motor blocks to nails."

First to be affected by the shutdown was the company's Lincoln plant, where production was suspended indefinitely today. The big Rouge plant in nearby Dearborn will close tomorrow night, but probably will reopen Monday.

GM Output Picks Up

The Ford company was the first car maker to bring out a postwar automobile, rolling it off its assembly lines at the Rouge plant last July 3. Parts shortages and interruptions to its materials supplies since then have closed down the big plant repeatedly, with the result that in nearly ten months Ford has assembled only about 235,000 cars and trucks. In normal times that would be about eight weeks production for Ford.

The Ford shutdown announced today was the second for the company this month due to steel shortages. A week's shutdown beginning April 3 idled 35,000 production workers in the company's Detroit area and branch plants throughout the country.

Despite the Ford suspension this week's total assemblies may top the 50,000 unit mark for the first time since February, 1941, when all civilian car output was suspended for the war's duration.

Last week, according to Ward's Automotive reports the industry made 49,425, reflecting accelerated output by General Motors' divisions, which resumed output generally on April 2 following the prolonged strike in its factories.

Remaining closed by a shortage of frames is the Hudson Motor Car company, whose assembly lines up to about two weeks ago had been turning out 400 cars a day.

STATES SURVEY  
TOURIST NEEDSBorder Restrictions May  
Be Eliminated In Great  
Lakes District

Lansing, April 17 (AP)—Efforts to eliminate tourist restrictions on border crossings between Michigan, Wisconsin, Minnesota and Ontario will be discussed May 14 and 15 at a meeting of the Northern Great Lakes Area Council in Toronto, Michigan members said today.

The Michigan Tourist Council, meeting with Governor Kelly, said border regulations governing fish and game, transportation of produce, customs and exchanges would be discussed with a view to seeking equality between the four governments and reciprocal treatment of tourists.

The council, formed at Mackinac Island last summer, is designed to coordinate the tourist programs of Michigan, Wisconsin, Minnesota and Ontario.

The council also will receive a report on a survey of transportation facilities in the area.

Tourist Council members reported to Kelly their confidence that Michigan resort operators will not "take advantage" of the shortage of facilities this summer in demand for accommodation. Kelly said the council estimated there will be about 10 per cent more accommodations available this year than last and that the tourist industry hoped to lengthen the season to handle the demands.

The 1946 season, Kelly said, will provide operators with an estimate of the new accommodations needed in advance of the time when materials are more plentiful.

Iron Censorship  
Clamped On Iran;  
Moscow Blamed

BY JOHN M. HIGHTOWER  
Washington, April 17 (AP)—An iron censorship, which some American officials suspect originated in Moscow, was clamped by Iran today upon all news dispatches by foreign correspondents in that country.

The United States state department, announcing the development as soon as word of it was received here from the embassy at Tehran, was considering tonight what action it should take in protest. A strong formal objection may be registered with the government of Premier Ahmed Qavam.

The censorship is of the "blind" type which denies to the authors of dispatches any information as to how their stories are being changed. Newsmen regard this as a most dangerous form of news control since it allows governments to distort the meaning of stories without any recourse permitted the writer.

In response to questions about censorship conditions in Russia it

LEASES SOUGHT  
AT WILLOW RUNSeven Major Airlines  
Apply For Airport  
Facilities

Ann Arbor, Mich., April 17 (AP)—Seven of the nation's major airlines prepared today to seek a lease of facilities at Willow Run airport, turned over to the University of Michigan under an interim permit by the War Assets Administration.

A spokesman in Detroit said preliminary negotiations have already been carried on, but that no final decision was possible until today's decision by the WAA was announced in Washington.

University Vice President Robert P. Briggs said "final arrangements" for use of the airport "will be made at a later date."

If a lease is obtained, the Detroit spokesman said, actual use of the airport will depend "upon the amount of construction work needed at the port."

Willow Run airport, near Ypsilanti and not far from the U. of M. campus, is owned by the Defense Plant Corp., a subsidiary of the Reconstruction Finance Corporation, and the war department.

The War Assets Administration in Washington authorized the RFC to grant an interim permit permitting the university "to maintain and operate the landing area and airport facilities" at Willow Run.

The WAA said the university had "indicated an interest" in obtaining the airport, and authorized the granting of an immediate "right of entry" pending issuance of the formal temporary permit.

Issuance of the right of entry and an interim permit will permit the university to operate the airport pending final disposition of the property.

Airlines interested in using the port as a terminal are American, Chicago and Southern, United, Transcontinental and Western, Northwest, Eastern, and Pennsylvania Central.

Last Of Chevrolets  
Hangs Himself At  
Home In Louisiana

Slidell, La., April 17 (AP)—Dr. H. E. Gautreaux, St. Tammany parish acting coroner, said today Arthur Chevrolet, last of three brothers who organized the Chevrolet Motor Company, ended his life by hanging himself at his home here yesterday.

Dr. Gautreaux said the body was found suspended in the garage of his home. He classified the death as a suicide. He said Chevrolet had been despondent.

Dr. Gautreaux identified Chevrolet as a brother of the late Louis Chevrolet, who headed the Chevrolet Motor Company when the brothers formed it. He was killed in a crash on the Los Angeles speedway in 1920.

The three brothers came to the United States from Switzerland about 45 years ago. They became enthusiastic track followers and pioneers in automotive engineering.

In 1911 they organized the Chevrolet Motor Company, but sold their interests four years later.

self, the state department said that Moscow had exercised a blind censorship for a period beginning about March 1 and ending March 29.

The present censorship in Russia permits the writer of a news dispatch to see a copy of the censored story before it is telegraphed—but it makes no provision, so far as is known here, for the writer to seek changes in the censored portions of the story.

The censorship development came a few hours after President Truman had announced the appointment of George V. Allen of Durham, N. C., to be ambassador to Tehran, succeeding Wallace Murray who leaves that post tomorrow because of illness. Allen is the state department's expert on Iranian affairs.

As one of the youngest men ever to be named ambassador, he was handicapped for the post in order to reduce to a minimum the number of days it would be vacant at this critical time. He is expected to leave for the new assignment in about 10 days.

Insofar as the Iranian censorship action may represent an extension of Soviet influence in Iran it is expected by diplomats here to strengthen resistance in the United Nations Security Council at New York to the Russian demand for removal of the Iranian case from the council's agenda.

Iran notified the council just before the Soviet request came up that it would be agreeable to having the case dropped.

Despite the assurances about withdrawal of Russian troops which Russia gave the security council two weeks ago and mounting evidence that the troops actually were getting out, American officials said it was plain that powerful means of influencing Qavam were available to Russian Ambassador Ivan Sadchikov when he wanted to use them.

AMERICA URGED  
TO SAVE FOODSWheat Saving Program  
Not Enough To Feed  
Famished Peoples

Washington, April 17 (AP)—A far-reaching program designed to conserve food and speed exports to famished peoples abroad was urged tonight by President Truman's famine emergency committee which declared that the present voluntary wheat-saving program is not enough.

A boost in corn price ceilings to discourage the feeding of this grain to livestock and steps to end strikes hampering farm production were among the measures proposed.

The White House announced at the same time that the president will address the nation by radio at 7:15 P. M. Eastern Standard Time) Friday on the famine crisis. At his news conference earlier he proposed that Americans go on a European diet two days a week to save food.

Meanwhile, representatives of the United Kingdom, Canada and the United States failed to break a long deadlock on proposed plans for dividing remaining short exportable supplies of bread cereals among famine-stricken areas.

These countries have been trying for several weeks to reach an agreement on allocation of these supplies through the combined food board, an inter-country agency which helped divide food supplies among the United Nations during the war.

Basement Oil Boom  
Proves Worry For  
Detroit Resident

Detroit, April 17 (AP)—Carl Erickson is hoping he'll strike oil again, but the next time he'd like to have it in his yard—it's too dangerous in the basement.

Erickson starting a one-house oil boom when he discovered an oily film on a small water hole while digging in his basement.

It looked like oil, it smelled like oil, felt like oil and even burned like oil, Erickson said.

He had visions of riches. But his wife and two children got headaches from the fumes. Building inspectors have refused a permit to cement the floor and seal off the liquid.

He's now waiting for laboratory tests of the 60 gallons of liquid he has taken from the basement this far.

LIFE OF PRICE  
CONTROL CUT  
TO 9 MONTHSTRUMAN'S POLICIES  
BRING ON REVOLT  
IN CONGRESS

Washington, April 17 (AP)—A rebellious house overthrew important phases of President Truman's stabilization program tonight, pasting the price control act with restrictions and directing that subsidy payments shall stop.

"You have murdered the OPA," Rep. Sabath (D-Ill.) shouted to his colleagues at the stormy night session.

"Repeal of price control" was the judgment of Price Administrator Paul Porter.

The restrictions were plastered on a bill to continue the OPA beyond its present June 30 expiration date—for nine months, instead of a year as the administration asked.

After voting the amendments on a series of record votes however, the house put off until tomorrow the final roll-call which will send the bill to the senate.

Outcome Uncertain

Its future there is highly uncertain. Senator Thomas (D-Okl.) announced tonight that he will introduce an amendment tomorrow to remove OPA controls on "everything but rents and alcoholic beverages." It would come up for action when the senate considers the OPA measure.

The hitch on final passage occurred when Rep. Bradley (D-Pa.) demanded that the official final draft of the bill be read. This was not ready and the house quit for the night shortly before 10 p. m.

As one restrictive amendment after another went into the measure, rumors swept the capitol that Porter and Stabilization Director Chester Bowles would quit, but an aide of Porter and Bowles himself denied them.

Only rent controls escaped the house's sledge hammer. Every amendment to alter these controls was defeated while those dealing with other phases of the control program went through by heavy Republican votes, assisted by some Democrats.

One amendment, whooped through on a roll call vote of 255 to 137, would require the OPA to make a drastic overhaul of its price ceilings. It provides that they must reflect cost plus a "reasonable profit" to producers and distributors.

An amendment to drop all price controls on meat, however, was defeated, 172 to 223, on a roll call after the house earlier had approved it on a tentative ballot, 139 to 122.

Subsidies Out

A requirement that the government halt its \$2,000,000,000 annual subsidy program by January 1 was adopted on a record vote of 245 to 150. The amendment, by Rep. Wolcott (R-Mich.), stipulates that as subsidies are reduced corresponding increases in prices shall be allowed by OPA.

Toward the end of the hectic day, OPA Chief Paul Porter issued a statement declaring:

"The action of the house today amounts to the repeal of price control."

"The bill has been loaded down with inflationary amendments which would make the law completely ineffective and impossible to administer."

"I hope this does not represent the final action of the house."

After taking these actions on (Continued on Page Two)

Munising News

DRIVING CLASS  
PLANNED HERE

Munising Schools Help  
With Safe Driving  
Campaign

Munising. — The Mather high school will soon have its safety driving test apparatus finished and plans to inaugurate a short business' driving school before the school year closes this June. Members of the auto mechanics class will be the first driving students.

The plan for the school and the various tests for prospective drivers, originated in a week's conference held last August in Marquette and given by the AAA and sponsored by Northern Michigan College of Education, which Henry Nelson of the manual arts department of Mather high school attended.

Mr. Nelson, with the help of the manual arts students, is building the various testers needed for the program.

Included in these machines is a range of vision test where the aspiring driver keeps his eyes on a white dowel fastened to the middle of a semi-circular board while his nose is centered in the middle, thus with his eyes glued to the dowel, two markers are started up the sides of the half circle and when they come into his view a mirror is made and calculations of his range of vision is derived from the angle these marks make. It is known that some people have more than 180 degree range of vision, others can see only as a horse with blinders can, directly in front of them. With these facts compiled the driver can be shown how to overcome such an obstacle.

Two machines determine the degree of nervousness of a person. One is vertical, the other horizontal. Numbered along the sides of the machine a person tries to pass an electrified rod between two metal strips about a quarter of an inch apart. Where the rod strikes either side of the metal the number is noted. The person is given two or three tries before actually having a final test recorded.

Another device is built for 20 foot vision test. Two movable miniature cars are placed in a box and are to be aligned by looking in a mirror placed ten feet away, with a third stationary car. Graduated numbers leading from zero at the stationary car, determine the value of distance the person has.

Behind the wheel driving is checked by a series of charts on everything which can occur when one is driving on the highway. The tester marks the driver's reactions on a regular road test.

Also included in the road test is a device fastened to the bumper of the car. A cord runs to the tester sitting alongside the driver. When the tester pulls this cord it releases and explodes a .22 caliber shell which in turn makes a mark on the road. The driver is supposed to take his foot off the accelerator and apply the brakes. This action causes the device on the bumper to swing like a pendulum. As it does, it releases a second .22 shell making another mark on the road.

The distance between the two marks, along with the known speed of the car, arrives at the time it takes for that person to react after he hears the first shot. To test the brakes, the distance between the second mark and where the car finally comes to a halt will determine if the brakes are working correctly.

Cost of the material for this testing equipment was estimated at \$200, which is thought to be a small amount by the school officials in comparison to the number of accidents it may be able to avoid if the program can be followed through.

First Methodist  
Church Will Try  
Nursery Program

Munising. — The Susannah Society of First Methodist Church will sponsor a nursery during Sunday morning worship services for primary children ages three to seven years old, it was decided at the meeting held Tuesday evening.

The nursery will start the Sunday after Easter, April 28. In charge that day will be Mrs. Robert Nebel and Mrs. Frank Negishi. Quiet games will be played and stories will be read to the children. It is the intention to have the children attend the first part of the church worship service to get the benefit of the readings and music. They will then be taken to the class room for the games and stories while the sermon is being given.

It is hoped that infants will be able to be included in this schedule as the equipment needed for that program is obtained.

**FALSE TEETH**

That Loosen  
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little of **FASTEETH** (the alkaline non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour, check, or cause odor (denture breath). Get **FASTEETH** at any drug store.

Service Station,  
Tourist Cabins In  
Ownership Change

Munising. — Raswell (Rossie) Anderson has purchased the Everett's Super Service station and cabins from Charles Everett.

The purchase was completed Saturday, April 13. Mr. Anderson is former manager of Superior Storage in Munising, prior to entering the Navy. He served in the Navy for two years.

He will handle all Pure Oil products.

Junior Class Play  
Cast Given, Date  
Is Set For May 21

Munising. — Date for the presentation of "Shiny Nose," the Mather high school junior class play, has been tentatively set for May 21.

The cast of characters picked at the Monday evening tryouts will be as follows:

Janie to be played by Virginia Morrison, Zip by Elisabeth Twiden, Helen by Juanita Baij, Mrs. Marble by Jack Raymond, Mrs. Marble by Roberta Zeigler, Coach Jones by Joseph Burke, Allen by Arnold Doucette, George by William Cook, Madge by Pearl Golsick and Peggy by Peggy Chase.

High School Dances  
Sponsored By K of C  
Resumed Next Week

Munising. — The Friday night dances for high school students, sponsored by the Munising Knights of Columbus will start again on Friday, April 26.

These dances will be held every Friday as was the custom prior to Lent.

Purpose of the dances is to give the young people of high school age a place to gather and have an organized social time once a week. Members of the K of C club take turns taking care of these dances and there are always two or three members present.

Suggestions for improvement of these dances are always welcome.

Munising Knights  
Hold Communion  
Breakfast April 28

Munising. — Munising Knights of Columbus No. 2804 will hold their anniversary communion breakfast Sunday, April 28, at the K. of C. hall.

Members will meet at the hall at 7:45 o'clock and march to church for the eight o'clock mass.

After mass the members of the order will escort their ladies back to the hall where the communion breakfast will be served.

Murder Conviction  
Of Joseph Medley Is  
Confirmed By Court

Washington, April 17 (AP)—The U. S. Court of Appeals affirmed today the murder conviction of Joseph D. Medley, 44, one of two condemned killers who escaped from the District of Columbia jail in a spectacular break on April 3.

Medley was convicted of first degree murder for the shooting in March, 1945, of Mrs. Nancy Boyer in her apartment here after an all-night poker game.

Medley is sentenced to be electrocuted on April 30, unless he appeals to the supreme court.

Menominee May Go  
On Daylight Saving  
Time This Summer

The Menominee city council has requested its city attorney, K. O. Doyle, to look into the statutes to determine whether there are any legal restrictions against an ordinance to set the clocks up one hour on Sunday, April 28, and move them back on Sunday, Sept. 30.

Most Lower Michigan communities are on Eastern Standard time and make no change during the summer months. Escanaba and the majority of other Upper Peninsula cities adopt daylight saving time each spring on the last Sunday of April and return to Central Standard time on the last Sunday in September. However, the entire state remained on Eastern Standard time during the war years.

A hot issue for many years here until popular vote decided the matter with finality, "fast" time has come to be accepted by most residents of the city each year without argument.

The Michigan legislature designated Central Standard time as legal time in the state during its 1945 session, with the provision that if and when the law of Congress which set up war time, was repealed or otherwise terminated, then legal time of Michigan would be Eastern Standard time.

Public Ownership  
Battle Begins In  
House Of Commons

London, April 17 (AP)—Britain's Labor government said today it plans to nationalize a large part of the nation's iron and steel industry, and a Conservative spokesman charged Prime Minister Attlee was "acting like Hitler."

The tumult touched off in the House of Commons indicated the proposal would be one of the most controversial of all the government's public ownership projects.

Winston Churchill, leader of the Conservative opposition, snapped that the announcement "wears the aspect of a singularly questionable and indeed thoroughly disreputable performance." Amid an uproar from the Labor benches, he was cut off by the speaker, on grounds that the question was not debatable.

Kaiser Is Dubbed  
New Deal Darling  
In Financial Deals

Washington, April 17 (AP)—Senator Bridges (R-N.H.) tore into Henry J. Kaiser's financial dealings with the government today, calling the industrialist the "cod-died darling of the New Deal."

Bridges told the Senate that Kaiser now owes the government through RFC loans "almost \$115,000,000, much of which bears no interest," and that the government is "planning to spend additional millions in equipping plants for his private operation."

"Truly it can be said that he is Miss Democracy's boy friend," Bridges said after outlining what he called "Kaiser's wonderful years of wallowing in public moneys."

Kaiser in Oakland, Calif., said "there is no element of fairness or justice" in Senator Bridges' attack.

VANDENBERG TAKES TRIP

Washington, April 17 (AP)—The State Department announced tonight that Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee and Senator Vandenberg (R-Mich.) will accompany Secretary of State Byrnes to the Paris foreign ministers conference opening April 25. They will act as advisors.

Briefly Told

Carnegie Library.—The Carnegie public library will be closed from noon until 3 p. m. Friday in observance of Good Friday. The North Escanaba branch will not be open Friday afternoon, and there will be no story hour Saturday morning.

Delta Lodge Meeting.—The regular communication of Delta Lodge No. 195, F. & A. M. for the month of April will be held at Masonic Temple this evening at 7:30 o'clock.

Dorance Peterson has been dismissed from St. Francis hospital and is convalescing at his home, 1225 Stephenson avenue.

Coal Strike Holds  
Back Reconversion;  
Tieup Gets Worse

Washington, April 17. (AP)—Reconversion is suffering "a setback which will steadily grow worse day by day if the coal strike continues," Civilian Production Administrator John D. Small reported tonight.

"Scores of plants are down because of lack of fuel," Small stated after a telephone survey of key factories and industries, made at the request of Secretary of Labor Schwelmbach.

The 17-day work stoppage by John L. Lewis' soft coal United Mine Workers is increasing the injury done by the recent steel strike, "insofar as its overall effect on production is concerned," the production chief said.

"In addition to consumers goods and the production of materials for the housing program, essential railroad and utility services will be hit severely if the work stoppage is prolonged."

The checkup, he said, revealed that some railroads may be forced to curtail service in the next two weeks; that steel production is dropping steadily; and that about 15 small brick plants, whose output is essential to the housing drive, have been closed.

Detroit Barkeepers  
To Protest Slash  
In Beer Production

Detroit, April 17 (AP)—A group of labor unions and Bar Owners' Association will make an effort to close every bar, tavern and retail beer store in Michigan at 6 p. m. May 7 for a rally to protest the recent government order slashing beer production 30 per cent.

Sam Sage, secretary of the CIO Council and chairman of the Citizens' Committee to Combat Prohibition, said the rally, to be held at Olympia Stadium, will have the largest floor show ever produced there.

Taking part will be the Bartenders' Union (AFL), the Michigan Federation of Hotel, Restaurant and Bar Employees (AFL), the Detroit Federation of Musicians (AFL), the American Guild of Variety Artists, the Bar Owners' Association, the Michigan Retail Beer Distributors and the State Council of Brewery Workers (CIO).

Germans are reported to have been constructing the Jaeger P-13 jet-propelled plane on V-E Day that would fly up to 1500 mph.

Weddings in Morocco last seven days.

From where I sit... by Joe Marsh

**Mat Fisher versus Ed's Big Toe**

Mat Fisher's our local weather man... and planning for the picnic of our town Improvement Club, Mat persuades us to postpone it until Tuesday—since it's going to rain for three days, starting Saturday the 8th.

But Ed Whittle claims he can feel rain in his big toe—and he says there isn't a drop in prospect for at least three days!

Well, it's bright and sunny on the 8th—and 9th—and 10th. But come the day of the picnic, it pours rain like Jupiter Pluvius—and we hold it in Ma Hoskins' parlor, drinking beer and roasting hot dogs.

Of course, Ed razzes Mat no end. But nobody's sore. In fact, they like Mat just a little better, being an expert and being wrong. (And from where I sit, a stormy day indoors before a fire makes a hot dog and a glass of beer extra appetizing!)

LIFE OF PRICE  
CONTROL CUT  
TO 9 MONTHS

(Continued from Page One)

tentative votes, the house went on to final roll calls preliminary to passing the bill. The first roll call vote clinched a "cost plus" amendment requiring that price ceilings reflect a "reasonable return." It was finally adopted 259 to 137.

With Republicans and a group of southern Democrats in the saddle, the chamber also voted 171 to 144 to limit OPA's new life span to nine months instead of the year requested by Mr. Truman.

Cells Go Up

In quick succession the chamber put these administration - opposed amendments in the bill:

1. A Republican-sponsored "cost plus" plan requiring OPA to fix prices so as to guarantee each manufacturer and distributor including retailers a "reasonable profit" on each item produced or handled.

2. Another Republican amendment, gradually killing off the government's \$2,000,000,000 annual subsidy program, used to hold down food prices, with a stipulation that OPA must raise price ceilings to cover the reduction of subsidies.

3. Removal of all meat subsidies, amounting to \$715,000,000 annually, by June 30, with a corresponding increase in meat prices.

In addition to limiting OPA's new lease on life to next March 31, the chamber also put a nine-month limit on extension of the stabilization act dealing with wages and salaries.

The house refused to kill OPA outright, defeating 178 to 34 a motion by Rep. Rankin (D-Miss.) to strike the enacting clause from the bill.

Raymond J. Kelly  
Files Petition To  
Run For Governor

Lansing, April 17 (AP)—Petitions for the Republican nomination for governor were filed today by Raymond J. Kelly, former Detroit corporation counsel and former national commander of the American Legion.

Kelly filed petitions bearing 30,162 signatures from 46 counties with the department of state. Slightly less than 12,000 signatures are required.

He said he was filing several days early "so that all my friends may know my candidacy is serious. Entrenched political interest are not happy with my action, I know, but I have consistently refused to enter into any suggested deals which would take me out of the race," he declared.

"Rented the first day" said Smith

Angus Lookaround,  
Carlisle Gridiron  
Athlete, Is Dead

Milwaukee (AP)—Angus F. Lookaround, 52, former noted athlete and musician and chief of custodial services for the Menominee Indian reservation until his retirement in 1942, died yesterday at the Veterans hospital.

Lookaround, who was five-eighths Menominee Indian, won fame while playing football with the Carlisle (Pa.) Indians and during World War I was football coach in the Atlantic fleet.

As a sousaphone player, he played with the Bands of Sousa, the Ringling Brothers, Forepaugh and Sells circuses and the Royal Scotch Highlanders. He was elected to go to France in 1927 as a member of the American Legion band.

Lookaround was athletic coach and band director in the Tomah Indian school and the government board school at Keshena.

He is survived by his widow, the former Phoebe Jewell Nichols, poet and author of books on Indian lore; two stepsons and a stepdaughter; and two sisters.

State Employees Get  
Retroactive Raises

Lansing, April 17. (AP)—The state budget office today passed salary increases totaling \$3,087,876 for 17,217 classified civil service employees on the payroll to be submitted to the auditor general's office for certification.

Funds for the raises were voted by the 1946 special session of the legislature.

Fred C. Striffler, state budget director, said the raises, which were authorized by the state civil service commission, would be retroactive to April 1.

## TWO FILE FOR DELTA PRIMARY

April 23 Deadline For Petitions; Primary Date Is June 18

Two candidates for Delta county offices have filed nominating petitions at the office of County Clerk J. Theodore Ohlen, while petitions are being circulated for other candidates who will file before the 4 p. m. April 23 deadline.

Both candidates who have so far filed petitions for a place on the primary ballot are Democrats. They are:

Myron W. Legg, 324 South 16th street, candidate for Delta county representative in the state legislature, a Democrat.

Maurice J. Pratt, 1224 North 21st street, Escanaba, candidate for Delta county sheriff, a Democrat.

The primary election will be held June 18.

Myron Legg is the son of Peter Legg, veteran legislative representative from Delta county, who has not filed for reelection.

Although there have been no announcements to that effect, it is expected that both Republicans and Democrats will present the voters with a complete slate of candidates in the primary.

Delta county elective offices are now held by Democrats, all of whom are expected to be candidates for reelection. On the Democratic ticket Pratt is expected to oppose Sheriff William E. Miron for the nomination.

**Bike Owners Are Urged To Get New License Tags Soon**

Hey, kids, let's be getting those new bike licenses.

If you all put it off until the deadline (this year's license expires on Tuesday, April 30) there'll be such a crowd of you waiting in line at the police station that you'll probably have to stand around for a couple of hours, and that's no fun.

Sgt. Phil Bruce says that only about a third of all the bicycle owners in town have new tags.

They cost twenty-five cents. Be sure to bring your title along. Now that school is out for the Easter holidays this is a good time to go down to the station and get one.

## End Circuit Court Session For April

Judge Frank A. Bell yesterday afternoon closed the April term of circuit court for Delta county, a session at which was heard only two jury cases. Other jury cases were continued or otherwise disposed of.

In the closing session the court found there was no cause for action in the suit for damages by Frank Meyers of Chicago, formerly of Bark River, against Michael Novak, Schaffer farmer.

The case of Lloyd Sodergren and the Standard Fire Insurance company vs. Joseph Couchene, trespass on the case, was continued for jury trial at the next term of court.

Twenty-two divorce decrees were granted by the court.

## Hermansville

### Wins Honors

Hermansville, Mich.—Miss Isabel Tomasi, daughter of Mr. and Mrs. Emil Tomasi and a sophomore of the Hermansville High school won second place at the District Declamation contest held at Vulcan on Friday. She gave the dramatic declamation, "The Button". Other students from the Hermansville High school who took part in the contest were Caroline Schultz, Carmen Swanson, and Alice Prue.

### Personals

Mr. and Mrs. Walter Pinar of Wells were callers at the home of Mr. and Mrs. Nick Furlick Sr. on Sunday.

Mr. and Mrs. Roy Waldo and son, Darwin of Carney were callers at the home of Rev. and Mrs. Charles Swanson on Sunday.

Mr. and Mrs. Ray Hall and family of Norway spent Sunday visiting at the home of Mr. and Mrs. Otto Bartl.

Mr. and Mrs. John Duca were callers in Escanaba on Friday.

Mr. and Mrs. Leroy Floriano spent the weekend visiting relatives in Milwaukee.

Mr. and Mrs. Paul Pilot and Mrs. Matt Borkovich of Kingsford.

### Unjustified Abuse

SENATOR Johnson of Colorado failed to add any substance to the legislative efforts to settle the draft problem in his abusive tirade against the war department officials Tuesday.

A conflict in opinions regarding the draft problem is understandable and in our process of democratic government, it is a healthy sign. Democracy works best, however, when there is a tolerance and respect of the other fellow's viewpoint.

Senator Johnson's position that his proposal for a six weeks' extension of the draft is the only correct solution to the draft problem and that any other proposition represents an "arrogant demand" by "muddleheads" fails completely to recognize the principle of democracy. Particularly, it reveals intolerance to a shameful degree.

In contrast to Sen. Johnson, Gen. Dwight Eisenhower, one of the group whom the Colorado senator calls "muddleheads", has stated his own position on the draft question frankly and without abuse to anyone who may disagree.

As a matter of truth, a six weeks' extension of the draft would serve only to scoop into service the lads who are completing their high school training in June without any guarantee that this manpower pool would be sufficient to meet military requirements in the critical months ahead.

The only safe way to discontinue the draft in when military quotas are reached and not before. That is what the war department "muddleheads" have requested.

### Accidents on Increase

DURING 1945, fatal traffic accidents increased 11.3 per cent in Michigan and all highway mishaps rose 15.5 per cent, according to the report recently issued by the state police.

The report also points out that three-fifths of the drivers involved in fatal mishaps were violating traffic laws. About one-fifth of the drivers involved were under the influence of alcohol.

Drunken driving has been increasing as a factor in traffic accidents. The Press always has regarded the intoxicated driver as a menace to public safety, and for this reason has maintained a consistent policy of giving adequate publicity to such violations. We feel that the publicity will help in some measure in keeping motorists away from the driver's wheel when they are under the influence of liquor.

Delta county has had an epidemic of automobile accidents during the past week. Incidentally, the Escanaba police department has announced plans for a safe driving campaign. The safety drive cannot start too soon.

### Care in a Crisis

COMMERCIAL America is suffering from a housing shortage, too. Veterans are starting their own businesses. New fields are opening up. Established firms are expanding to try to meet the pent-up demand for goods and services. And there is little relief in sight.

Governmental curbs on non-essential construction indicate that there will be no extensive building, except in the housing field, for the next two years. This is as it should be. Yet it behooves the owners of business establishments to take care that the present situation does not become worse.

It could become worse through neglect, as A. D. Pickett, chairman of the cleaning and maintenance committee of the Tile Council of America, has recently pointed out. His advice may seem of an obvious sort, but it is worth emphasizing. For, with few opportunities for remodeling in prospect, proper care is necessary if existing buildings are to be kept usable.

And they must be. It can readily be seen that if any commercial or industrial space is neglected to the point of becoming dangerous or uninhabitable, that much more economic woe has been piled on an already critical situation.

### Dry Party Returns

THE department of state reports that the Prohibition party has qualified for a place on the 1946 election ballot by filing petitions bearing 14,000 signatures.

The dries have been inactive for many years, but there are signs that they will become a more potent political force in the coming years. The Prohibition party likely will never garner more than a few thousand votes at the polls, but nevertheless its activity has some publicity value for the anti-liquor groups.

Prohibition sentiment is gaining in Michigan. The Women's Christian Temperance Union has organized small but active groups in a number of communities. Local option votes in some places have re-

sulted in the placing of restrictions on liquor traffic.

The trend is disturbing to the liquor industry. Vendors who regard their business as legitimate are beginning to realize they must do everything possible to attach to themselves the air of respectability. It is for this reason that their associations are expressing their disapproval of vendors who sell to minors and commit other violations of the liquor laws. They have not forgotten that a wave of prohibition sentiment started during World War I and by 1920 had engulfed the entire country. And they know that sometimes history has a way of repeating itself.

### More Butter Coming

THE removal of wartime controls on cream distribution was premature, which accounts in part for the present critical shortage of butter. The decision to restore these controls to increase butter production should be welcome news to American consumers.

It is particularly important that the restoration of the controls is made at this time because we are now approaching the season of heavy milk production. With the prohibition reestablished on the sale of whipping cream and restrictions on the amount of butterfat in ice cream, there should result a considerable improvement in the supply of butterfat available for the production of butter. Given a choice between whipping cream and extra rich ice cream or butter, the average American will wisely choose butter.

The restoration of controls on cream distribution is joined with an adjustment of price ceilings which should prove more favorable for butter production.

The prospects for more butter on the family table are decidedly improved.

### Other Editorial Comments

#### MEDALS AND MEDDLING

(Chicago Tribune)

The army has awarded the legion of merit, third highest decoration it can bestow, to Col. John Hamilton Savage Jr. He received it for meritorious conduct with the army of occupation at the Montgomery Ward & Co. plant. The citation says that Savage contributed to vital war department missions thru his handling of complicated financial deals.

Col. Savage may be a fine hand with a set of figures. He may have met and overcome with his bravery the Ward figures scrambled by army management. Nevertheless, the award mocks our fighting men. Under these standards the army publicly men who fought the battle of Chicago could be satisfied with nothing less than the congressional medal of honor. They at least braved traffic daily to fetch their little items to the newspapers.

Col. Savage's army duties should never have taken him within miles of the Ward plant. Even the army should recognize by this time that nothing meritorious took place in the occupation of that property. The seizure was among the blackest of the New Deal's tyrannies. It cannot be justified or excused. It can only be explained as a product of the vindictiveness of the war time President. Instead of giving medals to bookkeepers who participated, the army should be offering apologies for its part in the shameful affair. Congress should go further. It should investigate and impeach those responsible.

The award provides another evidence that the army has become a danger to the Republic. Army leaders these days are paying more attention to politics than to defense. Daily they make pronouncements on questions of public policy. President Truman has not only permitted them to do this but has encouraged it with his permanent committee on military policy.

It is not beyond the bounds of reason that military oligarchy is in the making. The Savage award brings the matter to focus. It suggests a partial solution: Secretary Patterson is a dangerous man and should be ousted from the war department.

### Take My Word For it . . .

Frank Colby

#### HANDBOOK OF PRACTICAL ENGLISH

A. I am residing in a house which I plan to have refurnished with new siding. I will still be residing in the house, but in the refurnishing will I be "residing" the house or "resideing" it?—W. K. S.

A. You have brought up a very interesting point of usage which, I feel sure, has puzzled many a person. There are several words like your "residing." Let us list a few:

refuse	remark
resign	resort
retire	recover
recoil	recite
redress	relet

Now, suppose an inspector in an ammunition factory should write:

These shells must be refused.

Does he mean that they are to be thrown out as worthless, or that they are to be equipped again with fuses? Here are other ambiguous sentences:

I must re-tire my car.

She will recover the chair.

He must remark the goods.

To make it clear that the shells must have new fuses, the car is to have new tires, the chair is to have a new cover, and the goods are to be marked again, we must use a hyphen after "re," thus:

These shells must be re-refused.

I must re-tire my car.

She will re-recover the chair.

He must re-remark the goods.

Therefore, W. K. S., you may say correctly:

I am residing in my house.

## World Events Analyzed

BY MARQUIS CHILDS

Washington—A fat hog eating its head off is the sign and symbol of our dilemma over food here in America. Various important gentlemen in Washington have been trying during the past week to wrestle with that fat hog, and not too successfully.

They talk with an almost mystic awe of something called the corn-hog balance. That balance determines the amount of grain available for shipment to Europe. Therefore it is important for millions of hungry Europeans as well as for politics and profit here at home.

While he was still head of the Office of Price Administration, Chester Bowles promised farmers there would be no decrease in hog prices before September 1 of this year. That commitment was part of the effort to increase meat production.

But now the pendulum has swung the other way. The objective is to cut down on the feeding of animals so that grain can be released for shipment abroad. Hogs are being kept on the farm today until they fatten to 270 and 280 pounds, which is very fat even for a hog.

So that he could stick to his promise and still start a movement of hogs toward the packing plants, Bowles came up with an ingenious plan. He proposed that farmers be paid a premium above the ceiling price for lightweight hogs.

#### —CONSULTED WALLACE—

At the same time, a small premium would be paid on 50,000,000 bushels of corn. This could be done by government subsidy at a cost of not more than \$15,000,000. The corn could be routed into channels where it would serve as animal feed and thereby release wheat for export.

Bowles was well aware that this would have the look of simply caving in to higher price demands. Therefore he proposed to counter it with an announcement that after September 1 the price of hogs would be reduced.

Among others he consulted was Secretary of Commerce Henry A. Wallace, one of the high priests of the corn-hog balance. Wallace felt that it was a sound idea—on paper. But he expressed good-natured doubt as to whether Bowles would have the nerve, in the face of the impressive political power of the farm bloc, to announce the reduction in hog prices which was the key to the plan.

Finally, the proposal reached the President. It is said to have been debated in his presence with Secretary of Agriculture Clinton P. Anderson. The net result of that discussion was the curious kind of compromise that has so often ended these disputes.

The premium on lightweight hogs was approved. So was the premium on corn. But, somehow, the pay—a decrease in hog prices after September 1—got shoved aside.

This was not, of course, a final decision. The debate is still going on. Some announcement may be made even before this is in print.

An important faction within the department of agriculture favors a 25 per cent increase in corn prices. During the past three years, the price of corn has inched up about 10 per cent. An abrupt jump of 25 per cent would obviously have an immediate and marked effect on the cost of living. Bowles contends it would boost the cost of living index by 5 per cent within a short time.

#### —FARM BLOC POWERFUL—

The struggle over the corn-hog balance is part of the broad battle over commodity prices. That battle is rooted in the power of the farm bloc in Congress. It has many fronts.

One front is cotton. The question was whether cotton speculation should be curbed by government action. Secretary Anderson has many friends among the southern Democrats from his service in the House. He was most reluctant to go along with any move to raise margins on the purchase of cotton futures—one way to put a brake on a booming cotton market that has sent the price to a 22-year high.

Anderson wanted a directive from Bowles that would compel him to approve such an order. That would be a way out with the southerners in Congress. The directive was issued. And Anderson put out a statement that Bowles felt was a calculated slap.

Politically, the argument of the farm bloc is hard to meet. Labor, the farm leaders insist, got theirs and now it's our turn. What they ignore is the level of farm prosperity, which is already higher than at any point since World War I.

Meanwhile, the fat hog goes on eating. He is eating the precious stuff that could alleviate the world's hunger.

I am re-siding my house.

Q. Which is the better spelling and why, "theater" or "theatre"? We have an argument.

A. Most -re words are from the French: centre, metre, lustre, fibre, theatre, etc. In British usage the -re ending usually is retained. But in American usage -re is customarily becomes -er, as: center, meter, luster, fiber, theater. A notable exception is the word massacre (pronounced: MASS-uh-ker). If it should follow the usual pattern, as "massacer," it would suggest the pronunciation "MASS-uh-ser," since "e" regularly has the "s" sound before "e".

Just out. My new pamphlet takes the headaches out of those two confusing words pairs, LAY-LIE and SIT-SET. Simple and nontechnical. Get your free copy at once by sending a stamped, self-addressed envelope to Frank Colby, in care of this paper. Ask for LAY-LIE pamphlet.

## Dictating Farm Policy for Another Year

### Good Morning!

—By The Bugler—

SONG TITLES—A friend of ours who is in somewhat intimate contact with the teen-age world (he has a houseful of teenagers) is philosophically amused over the song titles that capture the attention of the younger element. It isn't just the titles, for it is his understanding that they dance to the rhythms and listen to the words that support the titles.

Dunathan

Even the older generation has become accustomed to tin pan alley tunes such as "Onezy, Twozy, I Love Youzy," (that spelling looks silly, but it would any other way, too); and the "Oakie Doakie Polka". Compare these, if you will, with the popular dance tunes of the so-called "jazz age" of the 1920's—"Mary Lou", "Dardanella" and "Margie".

Getting back to the present, our friend tells us that the young people have a new song they are piping. It's titled "A Tear In My Beer Tonight", and for variation there's one rhyme that goes "wall in my ale". Going the song writers one better, the youngsters have a parody line: "There'll be alop in my pop tonight."

But what struck our friend as the title to end all song titles is "Who Put the Benzidine in Mrs. Murphy's Ovaltine". It's a five number and if you don't know, benzidine is the stuff they inject into aging horses to make them run faster. Incidentally, none of the above-named are recommended for your album of familiar music.

#### PLEA FOR THE CHILDREN—

This column does not present anonymous communications, yet one arrived the other day which will be used because it is a plea for the safety of our children. The letter, signed by "A City Parent", is as follows:

"I hope that this little article will find some place in your paper, so that it may possibly save the life of some child who lives on or near one of the busy streets of our city."

"The reason for this note is that recently a small dog was killed in the street by a motorist who was in such a hurry to get some place that he did not stop to see what he had hit."

"It could have been one of the children in your neighborhood, possibly yours or mine!"

"A sale will be on soon for seals for the benefit of crippled children. Please, motorist, watch the speed of your car so there will not be more crippled children from accidents in our city."

"Now is the time when the little tots are getting out of the house, more than ever, to play. If motorists hold down on their speed, it will save somebody a great deal of heartache."

MORE THAN A BARBER—I is revealed in a news story that Milwaukee barbers are planning to raise the price of haircuts to \$1. Presumably this increase is not just to cover the cost of slicing away at your hair, but also for the sage advice and counsel the barber is ever ready to give his customer.

Mark Taber of Chicago, writing on barbers, says: "No one ever leaves the barber chair without

### INTO THE PAST

10 Years Ago—1936

Lansing — Gov. Fitzgerald and James F. Thomson, state agricultural commissioner, studied today the problem of financing the Upper Peninsula State Fair this season.

The governor refused to discuss a report that a movement to draft Herbert J. Rushton, of Escanaba, former state senator, as manager of the fair is in progress. He said it was "too early to comment."

There were no new developments Friday in the chemical workers union strike which has kept the plant of the Delta Chemical & Iron company idle since Wednesday, when some 145 employees walked out to enforce their demand for a wage increase. Information has been received from the Detroit office of the Veterans Administration that there will be an enrollment of veterans in the Civilian Conservation Corps in the near future.

State Senator John Lucke of Escanaba was elected chairman of the Upper Peninsula District Democratic association, which was organized at a meeting of Democrats at Manistique yesterday.

20 Years Ago—1926

Kalamazoo—Pledges to uphold the prohibition laws were given by Senators James Couzens and W. N. Ferris in telegrams received today by Dr. W. M. Puffer, president of the board of trustees of the Methodist Episcopal church. Pupils of the first grade of St. Anne's school enjoyed a two-hour social session Monday afternoon after study hours as a farewell party to Janet Douchette, one of the pupils, who left Thursday for Chicago where she will make her home.

Carl Sawyer, Ed Moersch, Earl Taylor, Ollie Pfister, Al Meiers, Edward Nelson, Peter Christensen, Victor Kraus, Jacob Bink and William Leach left yesterday for Green Bay where they will bowl tonight in the Fox River Valley tournament.

being stimulated for the rest of the day. If mental stimulus is not enough, the barber knows how to neck to keep you on the jump."

The barber we know is a kindly gentleman who speaks only when his customers want to talk. Then he is ready with tips on how to grow radishes, fix the stoker, or speculate on the weather. There is only one subject he will not discuss. Perhaps for professional reasons he refuses to talk about the cause and cure of baldness.

NO PIECE WORK—There is also the report that Milwaukee barbers are raising their prices because union demands for higher wages have increased the cost of living, to barbers as well as all of us.

Although barbers have a closed-shop union and they receive piece-work pay, there is no differentiation on the size of the "piece". The aging gentleman with the fringe on the sides pays as much as the youth who recklessly orders a butch and leaves the floor covered with hair. Perhaps it's just as well. The barber suffers either way, and in trimming the bald man there is the additional hazard of eye-strain from the glare.

PERCH FISHING—Because we couldn't get to Garden for the perch fishing last Sunday, we decided to risk the lives of a few worms off the city dock at Escanaba. It was our own idea, and

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington—Inside reason why the Russians are pulling wires to have the capital of the United Nations moved back to sleepy Geneva is that American public opinion has been too powerful a champion of the smaller nations.

So the Russians have been working behind the scenes to corral votes in favor of the Geneva transfer and can count on Yugoslavia, Poland and France. However, they can't count on the British, who once favored a European capital, but now are 100 per cent sold that American opinion is one of their best Allies.

The Russians also can't count on the Latin Americans. In the old days, Pan-American diplomats loved lolling in Paris most of the time and turning up in Geneva a few days of the week. Today, however, Paris is one of the most uncomfortable places in the world, Geneva is short of food, and New York is far more pleasurable.

The Russians, who originally favored an American city as the U. N. capital, now consider this a serious mistake. They dislike the fact that American newspapers publish columns and columns of front-page news on every move made by the Russians, and they figure that American newsmen at Geneva would sit drowsily in the Swiss cafes drinking beer, or spend week-ends in the Swiss Alps.

In Europe, they also believe, no photographer or newspaper would have the energy to trail Ambassador Gromyko on his famous and circuitous trip around New York City when he almost stopped in at the security council meeting, but didn't.

If the Iranian question had been discussed at Geneva, instead of New York, the Russians figure, it never would have attracted so much attention and the Soviet would have come off with a complete victory.

#### —AMERICAN INHOSPITALITY—

The Russians have one excellent talking point to bolster their argument, inadvertently handed them by residents of Connecticut and New York City—the inhospitality of some Americans.

The howls of protest which went up from Connecticut citizens was like a dash of cold water in the face of United Nations delegates. And gave the Russians a heaven-sent talking point in favor of Geneva. Likewise the inhospitality of George N. Shuster, President of Hunter College, has played right into Russian hands. Prior to U. N. occupation, President Shuster had not been using his buildings for some time, but despite that, he has been moaning and groaning that he wants them back in order to set up a house-keeping department for his lady students, apparently not realizing that if U. N. fails to keep the peace of the world, his lady students will have little opportunity to keep house.

Remarkably one disillusioned U. N. delegate: "New Yorkers don't seem to realize that war inconveniences people. To some extent, so does peace."

#### —JEWS IN GERMANY—

Kindly, mild-mannered Ben Cohen, counselor of the State Department, was approached by a delegation of American Jewish leaders to ask his help for more than 100,000 Jewish refugees in Germany who are still unable to find permanent homes. They wanted Cohen to help them migrate to the United States and other countries.

Cohen expressed his great sympathy, but said, "I can't do it because I can't use my position for any personal cause. It should diminish my effectiveness on other matters."

The Jewish delegation replied: "Can you think of anything more effective than to rescue 100,000 hapless Jews in Europe?"

Cohen, however, refused to budge. Note—Chief difficulty regarding the future of —Jews in Germany is that Hitler hatred was so deeply instilled, and during a period many years to come the life of a Jew in Germany would be almost unbearable.

#### —NO ARMY RACE PREJUDICE—

A Negro former master sergeant in the army, Marion F. Green, testified before General Doolittle's "caste system" board the other day, that there was little evidence of racial prejudices and discrimination in the army. When General Doolittle inquired about this, Sergeant Green replied:

"Colored soldiers found some resentment against them when they first joined the army, but this was quickly ironed out after a few months of training. In February, 1941, we had some fights and riots while I was stationed at Camp Livingston, Louisiana. However, by the time we finished training, everybody was getting along fine. I encountered no racial bias whatever overseas."

The ex-G. I. also suggested that saluting of officers be optional when enlisted men are off duty and off the post, to which Lieut. Gen. Troy Middleton, now an executive of Louisiana State university, countered: "Wouldn't optional saluting such as you propose tend to tear down discipline?"

"Not necessarily, General," replied Green. "If a man does something to merit respect, he will get that respect whether he is a civilian or an army officer."

A Washington man whose wife got a divorce was awarded a bathing suit from the household effects. Just in case he decided to take another plunge.

Despite laws, some of our cities still have the smoke nuisance. Where there is such smoke there should be some firing.

—Clint Dunathan

### Q&A Service

—By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT!) MAIL THIS COUPON and a 3-cent stamped, self-addressed envelope to (Escanaba Daily Press) SERVICE BUREAU, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

#### G. I.—VETERANS SERVICE

Q. Please tell me how many points my husband has. He has been in the Army since March, 1945, and went overseas last August. We have one child. Are points still being counted?

A. Points have not been computed since September 2, 1945. From the information you give it would seem that your husband has 19 points.

Q. A friend informs me that the \$20.00 readjustment pay which I am receiving will be deducted from any future federal bonus. Is that true?

A. No; it was originally provided that any financial benefits received under the G. I. Bill would be deducted from any subsequent bonus,—but that provision has been revoked by the amended bill.

#### OF GENERAL INTEREST

Q. Give me the complete quotation about "snow and rain" inscribed on the New York City post office.

A. "Neither snow, nor rain, nor heat, nor night stays these couriers from the swift completion of their appointed rounds." Herodotus.

Q. How many people in Ireland speak Irish?

A. Figures for the Free State, Eire, are: Irish only, 12,460; Irish and English, 531,051; English, 582,466.

#### GAMES

A 24-page booklet containing entertaining games for young and old, serious and fantastic games—a 400-word bulletin—INITIATION STUNTS—rituals, tests, and stunts, is now available. To get both copies, send this notice with 10 cents to cover postage and handling costs, and your name and address clearly written to: (Escanaba Daily Press) WASHINGTON SERVICE BUREAU, 1217 Thirteenth St., Washington 5.

no one else was fishing.

There is something chummy about a fisherman that apparently invites confidences from even the most casual acquaintance. These Sunday strollers

## BOARD STUDIES FESTIVAL IDEA

Further Study Planned;  
Plan Discussion  
On May 21

The Escanaba recreation board discussed the proposal for a mid-summer festival at the meeting of the board Tuesday night at the city hall and decided to hold the matter in abeyance until the next meeting to be held May 21. An open meeting will be held at that time and further suggestions will be invited from interested local citizens.

Several suggestions concerning the summer community promotion were presented at the meeting Tuesday, including the ideas of a homecoming festival and a historical pageant.

The broad Ludington park development program was studied by the recreation board, along with interpretations by City Manager Art Aronson and City Forester Bob Clayton. Because of the beach development program planned this summer and next, the board was advised that the establishment of a municipal beach at Ludington Park will be impossible until the work program is completed. After a study of the program, the recreation board recommended the temporary establishment of the municipal beach on the north shore for the summer of 1946.

The proposal for a youth center also was presented again for discussion, but because of the fact that the end of the school year is approaching, the proposal was held open for further study.

## Garden

### Church Services

St. John the Baptist—Holy Thursday, Mass at 8:00 a. m., Holy Hour at 7 p. m. Blessed Sacrament exposed all day. Mass of the Presanctified at 12:00 noon to continue until 3 p. m.; Saturday, April 20, services at 7 a. m., Mass at 8:30. Confessions afternoon and evening. Easter Sunday, April 21, Communion for men and children, Mass at 8 a. m.

Congregational—Sunday school at 10:30 a. m.; Easter service at 4:30 p. m.

### Grange Meeting

At the April 9th meeting, birthday celebrations were held for Mrs. John Cota and Alpha Thibault who received a gift of money each. Two cakes were provided and lunch was arranged by Mrs. Katherine McNally, Mrs. Cota, Mrs. Lawrence Anderson, George Horning, Louis Farley and Harold Goff. Billy and Bud Clifton were taken in as new members. The next meeting is April 23.

### Schools Close

All schools of the Peninsula will close Wednesday afternoon and classes again resumed on Monday, April 22.

### Scout News

The Senior girl scouts met at the home of Jo Ann Farley Monday night when it was decided to start working for their International Friendship badges. Each girl will correspond with a girl scout of a foreign country.

The Intermediate group meeting with Faith Lester Monday night, have started work towards earning their health and safety badges. They have received their uniforms and will have an Investiture Ceremony within two weeks.

### Perch Fishing

Garden and its neighboring village on the lake shore, Van's Harbor, were bustling with cars containing fishermen and women interested in the annual influx of perch in the bay, Sunday. Several groups brought their own boats, others rented from local fishermen. The weather was accommodatingly cloudy until late in the afternoon.

### Briefs

Mr. and Mrs. Wm. Constantineau and daughter Jill of Perronville spent the week end at the Albin Berg home. Mrs. Berg is sister of Mrs. Constantineau.

Mr. and Mrs. Norbert Tatrow spent the week end with Mr. and Mrs. Ray Ranguette of Escanaba. Mrs. Charles Winter, son Vernon, Mr. and Mrs. Bud Winter and twin daughters motored to Escanaba Monday.

Gordon Bobare of Munising visited friends here Sunday.

M. Felsteen of Escanaba was a visitor at the Joe Hermes home at Van's Harbor Sunday.

Mr. and Mrs. Joe Farley visited relatives in Manistique Sunday.

Mr. and Mrs. Aldred Farley and sons of Manistique, were guests at the Charles Winter home Sunday.

Mr. and Mrs. John Heric and Mr. and Mrs. Dan Malloy of Manistique were guests at the Purtil home Sunday.

Mr. and Mrs. Joseph Thibault

of St. Ignace have spent several days at the Charles Gauthier home.

Mrs. Ulysses Maynard motored to Escanaba Monday.

George Farley motored to Manistique Saturday for dental work. He was accompanied by his daughter Jo Ann and Jeneane Tatrow.

Mr. Silvernack of Escanaba spent Sunday here.

Mr. and Mrs. Delor Beaudry of Manistique were Sunday guests of Mr. and Mrs. Clyde Headfield.

Mr. and Mrs. Joe Gardipee of Manistique were visitors at the home of Mr. and Mrs. Eugene Bernier sr., Wednesday.

Mrs. Hynes and son William visited at the home of Mrs. Henry Chandonis of Manistique Friday.

Mrs. Philip Plante was a supper guest at the Eugene Bernier sr. home, Thursday.

Mr. and Mrs. John Guertin and Mrs. George Farley spent Thursday in Escanaba.

A substance called boron carbide, almost as hard as a diamond, is formed when coke and boron are heated together in an electric furnace. It is used in making precision tools.

## Coast Guard Ship Is Placing Buoys

The U. S. Coast Guard vessel Hollyhook yesterday arrived at Escanaba harbor to load buoys which have been stored here during the winter months and will place them as aids to navigation in northern Green bay waters.

A total of 16 buoys, some large and others of smaller size, are being taken aboard the Hollyhook preparatory to placing them at channels, shoals and other places where they will assist in guiding vessels.

During the winter months the buoys have been stored on the Merchants dock in Escanaba. This spring they were painted and readied for the year by crews

## OVERCAME FAULTY ELIMINATION AT 78!

Famous Cereal Brought Relief When Medicines Failed

If you need constipation relief, read this sincere, unsolicited letter:

"Pardon me for writing this unsolicited letter, but I must praise Kellogg's All-Bran for the relief it brought me when medicines failed. I suffered from constipation for 40 years. About 2 months ago I began eating All-Bran every day. Now I no longer suffer from constipation and I get up in the morning feeling like doing a day's work. I am 78 years old." Mrs. Elsie C. Spurgeon, R-2, Montrose, Missouri.

You, too, may never have to take another harsh laxative for constipation due to lack of bulk in the diet—if you eat KELLOGG'S ALL-BRAN every day, and drink plenty of water. Try it for ten days. If not completely satisfied, send empty carton to Kellogg Company, Battle Creek, Michigan. Get double your money back. ALL-BRAN is not a purgative. It's a wholesome and nutritious cereal that provides gentle bulk helpful to normal bowel movements.

Get ALL-BRAN at your grocer's. Made by Kellogg's of Battle Creek and Omaha.

## Garage Burns As Grass Fire Spreads

A small grass fire which got out of control near the Berg general store at Spalding burned a small garage and a few other nearby buildings were damaged about 3:30 yesterday afternoon. The fire which entered through the roof into the attic was checked by the Powers fire department. Several windows were damaged by intense heat and water. Standard Oil and Phillips 66 storage tanks were located near by about 20 yards from the scene of the fire.

When making tea the best idea is to take 1 teaspoon of tea to each cup of water. Be sure to use boiling water; five minutes' steeping time; two hot teapots.

## Isabellas Will Celebrate Their 20th Anniversary

The twentieth anniversary of the Daughters of Isabella will be celebrated at St. Patrick's hall on Easter Monday, April 22, beginning promptly at 7:30 o'clock.

A special entertainment has been arranged, consisting of candlelight desert bridge, music by the 12-piece high school string ensemble, directed by Albert Shomento, and two vocal numbers, "The Rosary" and "Some Sunday Morning" by Frank Hirm. Bridge will follow.

The committee in charge follows: Mrs. John Coyne, chairman; Mrs. Joseph Vogel, co-chairman; Mrs. Alphonse Sendenburgh, Mary McDonough, Mrs. Tom McDonough, Mrs. Henry Gingsras, Mrs. Joseph Beschamp, Mrs. William Vian, Mrs. Clifford Mercier, Mrs. Allen Crepeau, Mrs. Matt Kress, Mrs. E. J. Sovey, Mrs. Clarence Gauthier, Mrs. John Schoonenberg, Miss Alice Lafleur, Mrs. Nora Carr, Mrs. Anna Molloy, Mrs. John Fredson, Mrs. Mary Brubere, Mrs. Fred Arts and Mrs. Ed Demare, hostesses.

## Hermansville Man Charged With Theft At Iron Mountain

Roy E. Maves, 30, Hermansville ex-serviceman, charged with grand larceny, was arraigned Tuesday before Judge James C. Perino in municipal court, Iron Mountain, bound over to the April term of circuit court and confined to the county jail upon failure to post a \$200 cash bond.

Maves, according to Police Chief Hassell, who with Trooper Richard Howard conducted the investigation which led to the arrest, is charged with stealing a wrist watch valued at \$150 from a room in the Dickinson hotel.

Virgil Lattrell, Marquette, here for the Elks' bowling tournament, reported the theft early Sunday morning when he noticed the watch was missing. Maves, who had been in the room after the bowling matches, was under suspicion.

Hassell and Howard found the watch in Maves' pocket when the arrest was made Sunday afternoon at the Braumart theatre.

## Bark Royer

Sunday callers at the E. E. Pratt home were Mr. and Mrs. Ed Day, Mr. and Mrs. Lawrence Pratt and Larry and Maurice Pratt.

Derwood Pratt, wife and baby came late in the evening from Deighton, Kansas. They will live here if he can find work.

## Milk Test Report Filed For County

The February report of milk tests made by Harry Nelson, tester for the Delta County Dairy Herd Improvement Association, has been filed at the office of County Agricultural Agent E. A. Wenner. The report is as follows:

Two highest cows in each class, butterfat basis:

Under three years—Jules Van Damme, 1023 lbs. milk, 39.9 lbs. fat; Edwin Bergman, 1168 lbs. milk, 39.7 lbs. fat.

Under four years—Joe Steff, 1378 lbs. milk, 51 lbs. fat; Clifford Olson, 1400 lbs. milk, 44.8 lbs. fat.

Under five years—Clifford Olson, 1728 lbs. milk, 63.9 lbs. fat; Jules Van Damme, 1358 lbs. milk, 58.4 lbs. fat.

Over five years—Henry Van Enkevort, 1792 lbs. milk, 59.2 lbs. fat; Clifford Olson, 1596 lbs. milk, 57.4 lbs. fat.

Two high herds, each group, butterfat basis:

Medium herd—George Larson, 1062 average lbs. milk, 36.9 average lbs. fat; Fulgenz Falkies, 836 average lbs. milk, 31.7 average lbs. fat.

Large herd—Joe Steff, 891 average lbs. milk, 33.5 average lbs. fat; Jules Van Damme, 941 average lbs. milk, 33 average lbs. fat.

China, India, and the United States could spread out like carpets over Africa and there still would be enough space to accommodate the whole of Europe minus Russia.

## GROWERS ELECT OFFICERS TODAY

U. P. Potato Association Directors Will Meet At Court House

Directors of the Upper Peninsula Potato Growers Association will meet at the courthouse in Escanaba this afternoon to hear annual reports and to elect officers for the ensuing year. It was announced yesterday by D. L. Clanan, Marquette, extension crops specialist for the Upper Peninsula. The meeting is to start at 1 p. m.

The directors also will discuss plans for 1946 potato shows, setting dates for the annual U. P. show for which Iron River already has submitted a bid.

Clanan said H. C. Moore, potato crops specialist from Michigan State College, will be present at the meeting, in addition to all county agricultural agents in Upper Michigan.

Present officers of the association are: A. P. Kline, Stephenson, president; Ernest Hamel, Champion, vice-president, and Clanan, secretary-treasurer. The board of directors includes: One-year term—Otto Lundin,

Baraga; Forest Hamel, Champion; Clanan and Frank Semmerling, Bessemer.

Two-year term—Ted R. McFadden, Cornell; A. H. Hiltunen, Lake Linden; Andrew Kline, Stephenson, and D. J. Woods, Newberry.

Three-year term—Russell Tennant, Manistique; John Delongchamp, Champion; Victor Soderman, Crystal Falls, and Jules Van Damme, Rock.

Last year's Upper Peninsula potato show, the sixteenth in the association's history, was held in Menominee on October 23-25.

**Officials Of C&NW Here On Inspection**

Officials of the Chicago & North Western Railroad company yesterday were in Escanaba as a part of their "inspection over the road trip" which took them from here to Watersmeet and Ashland.

Heading the party was L. L. White, vice-president of the North Western; J. E. Goodwin, chief mechanic officer; E. C. Vandenberg, chief engineer, all of Chicago; and H. H. Thomas, master mechanic of Green Bay. They are traveling in a business car attached to the regular trains.

While here they consulted with T. M. Cassidy, superintendent of the Peninsula Division, and other division heads.

## Announce Closing For Good Friday

All Escanaba banks, the courthouse, postoffice building and other public offices will close for several hours in the observance of Good Friday, April 19.

The banks will be closed from 11:30 for the remainder of the day.

The postoffice will close at noon to 3 p. m. and there will be no mail deliveries between those hours. The Delta county courthouse also will be closed from noon to 3 p. m.

A catfish's "whiskers" are a sensory organ that enables it to feel its way through muddy water.

## The Water Must Be Boiling

Warm a crockery teapot. Put in one teaspoonful of tea for each person. Add fresh, bubbling, BOILING water. Steep five minutes and serve.

## MEAT SUPPLY IS ACUTE HERE

Situation Is Critical; No Hams Available For Easter

A spot check at Escanaba meat markets yesterday revealed the gloomy prospects of ham-less Easter. Furthermore, the meat situation in Escanaba is reported more critical now than at any time in recent years and a lot of local families will be lucky indeed to get even sausage for Easter dinner.

While not plentiful, poultry is in greater supply than other meat products and it appears that a large percentage of Escanaba families will substitute chicken or turkey for the traditional Easter ham dinner. Some local dealers reported, however, that markets that failed to place Easter poultry orders a month or two in advance are going to be considerably short of poultry requirements for the Easter weekend.

The shipments of federal inspected meat into Escanaba have been sharply reduced, meat dealers reported, and the supply of local beef is also short. In the latter case, some dealers reported that it is virtually impossible to purchase local beef at ceiling levels.

Hams also are so scarce that it is improbable that families who have not already secured Easter hams, or have placed orders for them, can plan on Easter ham dinner.

## A Proclamation

Good Friday

WHEREAS, on Friday, April 19, 1946, the Christian churches of the world will commemorate the suffering and crucifixion of our Lord and Saviour, Jesus Christ;

NOW THEREFORE, I do hereby request a proper observance of Good Friday by urging all business and industrial activities in the city to suspend all operation and work between the hours of 12 o'clock noon and 3 o'clock P. M. on Friday, April 19, 1946. All citizens of Escanaba are also urged to assist in the observance of the Day by attending the commemorative services to be held in the churches of the city.

Marvin L. Coon, Mayor.

## Tree Planting In City Is Begun By Forester's Crews

City crews have planted eight Norway and sugar maples so far this week for local residents in various parts of the city.

City Forester Robert Clayton reports that 24 trees in all will be planted within the next week for Escanabans on the curb strips of their property. The forester has had orders this spring from residents on Second avenue north, Fifth, Tenth and Eleventh avenue south and on Ogden avenue.

The planting service is available at a cost of eight dollars, which represents about half the actual cost of the tree, its planting and care for two years. In addition, trees planted by the city forester are replaced if they die during the period of early growth.

Young trees, especially those of a thin bark variety, are in a weakened condition after being transplanted and unless they receive proper early care, are not infrequently killed by borers, excessive sunlight (which bakes and kills the bark) and other menaces which a sturdy grown tree can resist.

The thin bark trees, Clayton said, must be wrapped for the first two years of growth and, since they are often attacked and killed by borers, must be treated with a preparation known as CPO soap (a paint containing boric acid and naphthalene) which was developed by the Michigan State college department of entomology.

Forester Clayton reported that he has had a number of inquiries from residents desiring to buy trees from the city nursery. The city is not in the nursery business, however, and does not sell trees to individuals for private use. The stock in the nursery will only be planted when ready, under the supervision of the city forester.

Greek fire, an incendiary mixture of pitch, saltpeter and sulphur, that burned on water was used to rout the Saracen fleet at Constantinople in 718 A.D.

Cannon came into use in warfare in the sixteenth century.

## FAIR BUILDINGS GET NEW PAINT

Redecoration Started For Exposition Here Aug. 27-Sept. 1

Visitors to the first postwar Upper Peninsula State Fair at Escanaba Aug. 27-Sept. 1 will find all the fair buildings glistening with new paint. An extensive redecoration program has been started at the state fairgrounds and will be completed well in advance of the opening Tuesday, Aug. 27.

Fair Manager Harold Lindsay has announced that request has

been made for the establishment of a model milk shed, complete with the latest milking and sanitation facilities, at the fair grounds. Definite action is expected to be taken at the next meeting of the state fair board.

One day of fair week will be designated Veterans Day at the state fair and an appropriate schedule of activities will be presented in recognition of the war service of Upper Peninsula soldiers and sailors.

Invitations have been extended to state officials to attend the Upper Peninsula fair and several have already submitted acceptances. State Treasurer D. Hale Brake and Lt. Governor Vernon Brown have indicated that they will attend the fair and Governor Kelly also is expected to be present, although his acceptance has not yet been received.

Tuesday, Aug. 27 will be entry day and preview night at the state fair. There will be a free gate both afternoon and evening on opening day. The free gate also will be in effect until five o'clock daily the first five days of the fair but a gate admission will be charged for thrill day, Sunday, Sept. 1, when Jimmy Lynch and his Famous Death Dodgers present the world's greatest automobile thrill show.

## INDUSTRIAL EXHIBIT

Marquette — At the request of Harold Lindsay, manager, the Upper Peninsula Development Bureau has begun soliciting co-operation of Upper Michigan industries for an industrial exhibit which will be placed in the U. P. State Fair to be held in Escanaba August 27-31.

This year's Fair will be the

first to be held since the war against Germany and Japan started in 1941.

"In this exhibit," Bishop said, "we will attempt to reveal the diversified nature of new products which are now being made and which are indicative of the possibilities of the future. These products, many the results of new processes, will be typical of industrial trends to meet competitive market demands."

It would be the first exhibit of its kind ever staged in the Upper Peninsula State Fair.

The swordfish is a fierce fighter when wounded, and has been known to drive his sharp upper jaw through several thicknesses of oak planking.

Boiling will clear any water of disease germs.

## JOHN A. LOGAN DIES IN PERKINS

Funeral Services Will Be Held Friday Afternoon

John August Logan, 76, well known Perkins resident, died at his home 6 o'clock yesterday morning. Death was due to heart disease.

Mr. Logan was born in Jentland, Sweden, Dec. 4, 1869, and came to this country when 19 years of age. He operated a store in Escanaba for several years, and moved to Perkins 39 years ago. He was a member of the

Bethany Lutheran church of Perkins.

Besides his widow, he is survived by two daughters and four sons: Mrs. N. C. Bishop, Wilmore, Ky.; Mrs. Ethel Anderson, Perkins; Arthur, Earl and Lloyd Logan, Detroit; and Howard Logan, Perkins; also 26 grandchildren and four great grandchildren.

The body will lie in state at the Anderson funeral home, beginning this afternoon, and will be taken 10 a. m. Friday to the Bethany Lutheran church in Perkins, where it will lie in state until the funeral hour. Services will be held at the church 3 o'clock Friday afternoon, with Rev. Clifford Peterson officiating. Burial will be in the Perkins cemetery.

Less than half the cities of the United States of more than 1,000 population have airports.

Services for  
Holy Week At  
St. Patrick's

Holy Week services will be ushered in at St. Patrick's church this morning with the reception of Holy Communion at 5:30, 6:00, 6:30, 7:00 and 7:30 o'clock. Solemn high mass will be celebrated at 8:00 a. m.

After the high mass there will be a procession with the Blessed Sacrament to the Altar of Reposition, and it is there that the Blessed Sacrament will remain until the Mass of the Presanctified, which will be celebrated on Good Friday morning at 8 o'clock. Each member of the parish will spend one hour in adoration before the Blessed Sacrament on Thursday to Friday morning, with the following times assigned to the different circles of St. Patrick's Guild:

Thursday:  
10-11 a. m.—St. Ann Circle.  
11-12 a. m.—St. Mary and St. Therese Circles.  
12-1 p. m.—St. Rita and St. Agnes Circles.  
1-2 p. m.—St. Cecilia Circle.  
2-3 p. m.—St. Catherine Circle.  
3-4 p. m.—St. Joan of Arc Circle.  
4-5 p. m.—St. Rose Circle.  
5-6 p. m.—St. Margaret and St. Monica Circles.  
6-7 p. m.—St. Elizabeth and St. Isabel Circles.  
7-7:30 p. m.—St. Veronica Circle and men of the parish.  
7:30-8:30 p. m.—Holy Hour for all members of the parish.

Friday morning from 7 to 8 the adoration before the Blessed Sacrament will be those attending daily mass.

At the Holy Hour on Thursday evening at 7:30 two short sermons will be preached, the first being "The Institution of the Blessed Sacrament" and the second, "A Voice from the Tabernacle."

On Friday morning at 8 o'clock the Mass of the Presanctified will be said, and from noon to 3 p. m. the Holy Hour, or the service of the three last hours of agony will take place. The Senior Choir will sing the "Seven Last Words," by Singenberger, and the Junior Choir will sing songs of the passion. The introductory sermon and the sermon of the first two words will be given by the Rev. Fr. M. B. Melican; the sermon on the third, fourth and fifth words will be given by the Rev. Fr. N. Frieberger; and the sermon on the last two words will be presented by the Rev. Fr. T. G. Ruppe.

In the evening at 7:30 there will be Stations of the Cross and a sermon, entitled "Words from the Heart of the Cross."

Father Melican has a relic of the true Cross, on which Christ died. This relic will be venerated at the close of the afternoon and evening services.

On Saturday morning at 7 o'clock there will be the blessing of the New Fire, Baptismal and Easter Holy Water, and Pascal Candle. The sacrifice of the mass will be

## Births

Born at the Alvina Buchholtz maternity home on Tuesday, April 16: A six and one-half pound daughter to Mr. and Mrs. Howard Goodnough, 112 North 19th street; a six and one-half pound son to Mr. and Mrs. William Blakely of Rock; and a son, weighing seven pounds, 15 ounces, to Mr. and Mrs. Albin Johnson of Stonington.

Immanuel Church  
Will Hold Good  
Friday Services

Good Friday services will be held at the Immanuel Lutheran church Friday afternoon at 1:30 o'clock. The Rev. L. R. Lund will speak on the theme: "Behold Christ on Calvary."

The Ladies' Chorus will sing "O, Sorrow of a Starless Night." Miss Rosalie Peterson will sing "Were You There?" "For the Love of Thee" will be sung by the Senior and Junior Choirs. Cleve Moore and Mrs. Norman Hanson.

Lenten Services At  
Central Methodist

The Sacrament of the Holy Communion will be celebrated at the Lenten services held in Central Methodist church this evening at 7:30 o'clock.

Good Friday services will be held beginning at 1:15 o'clock and continuing until 2:45 o'clock.

The Confirmation class will meet at the church on Good Friday at 10 o'clock.

Good Friday services will be held at the Cornell Methodist church Friday evening at eight o'clock. The people of the Cornell community are invited to attend.

Public Dessert  
Bridge Tuesday

The St. Ann Social Club will hold a dessert bridge party at St. Ann hall at 7:30 o'clock Tuesday evening, April 23. Prizes will be awarded at each table. Members are requested to make up a table. A nominal fee will be charged, and the public is invited.

The committee in charge is composed of Mrs. Ernest Beauchamp, chairman, Mrs. Stella James, co-chairman, Mrs. Jerome Cayen, Mrs. Joseph DeGrand, Mrs. Albert Laviolette, Mrs. Walter Vian, Mrs. Alfred Provencher, Mrs. Joseph Cota, Mrs. Eugenia Mitchell and Miss Blanche Heffron.

celebrated at 8 o'clock. Confessions will be heard in the afternoon at 3 o'clock and again in the evening at 7 o'clock.

Rialto Bldg.Many Crimes Are  
Cleared Up By  
Boy's Admission

A one-man crime wave involving thefts and window smashings that have long mystified local police has been admitted by the twelve-year-old youth who Tuesday afternoon was ordered committed to the boys industrial home at Adrian, for breaking and entering the Standard Food Mart and for rifling the tills at the M & M service station and the Pawley service station.

Questioned further Wednesday afternoon by the state police, the youngster admitted having, last summer, smashed the display window of the People's store and taking a German automatic from the collection of war trophies on display there. Asked what he did with the weapon, he said he threw it into the paper mill flume.

He further admitted to smashing a pane of glass in the doorway of the Daily Press office, turning the night latch and prowling in search of money. The only loot in this instance was a rosary which someone had found and had placed in the office window in the hope that the owner would see it and claim it. He did not remember what he did with the rosary.

He admitted that he had stolen a purse belonging to Mrs. Dorothy Shipman, school librarian; that he had stolen \$15 from the coat pocket of a high school student; had stolen a watch from another and had, from time to time, helped himself to coins found in clothing left in dressing room lockers.

Asked why he did those things he answered with a shrug of his shoulders that he "did it for fun."

## Briefly Told

**Choir Practice**—The Presbyterian Girls' choir will meet this evening at 7 o'clock in the church for rehearsal.

**Communion Service**—The Rev. G. A. Herbert will administer his first Holy Communion service as pastor of the Zion Lutheran church on Good Friday, at 7:30 p. m.

**Goodwill Club**—A regular meeting of the Goodwill club will be held this afternoon in the club room. Pot luck lunch will be served.

**King's Daughters**—The King's Daughters of the Bethel Baptist church will meet Friday evening at 7:45 o'clock in the church parlors. Hostesses are Mrs. Henry DeSautel, Mrs. Louis Rogers and Miss Anna Shierstrom. A good attendance is desired.

Bats find their way in the dark by sensing the echoes of their own shrill, super-sonic screams—a system akin to radar.

Night Football Assured  
In Manistique Next Fall

Manistique high school's football games will, hereafter, be played at night.

The high school football stadium is to have a lighting system installed which will make it possible to use the field on evenings as well as on afternoons.

The Manistique High School Student Association board of control recently approved the construction of a flood-lighting system for the stadium and has signed a contract with Harvey Quick

for its installation. Estimates now place the total cost at \$7,211.67 and date for completion of the project has been set at July 10.

Quick presented two bids on the subject, one calling for installation of wooden poles and overhead wiring; the other calling for steel poles and underground wiring.

The poles call for an eight pole system, with poles 60 feet in height to be placed 50 feet from the edge of the playing field or 10 feet from the edge of the track and anchored by concrete blocks. Each pole will have eight floodlights of 1500 watt power.

According to the student activity association, it plans to make a \$3,000 down payment and borrow the remainder on interest paying notes.

This innovation will be the fulfillment of a long felt need in high school student activities. In view of the fact that Manistique has always given splendid support to athletic activities in the high school, the added attendance at games should defray the expense of installation in a very few years, school advisors state.

Elaine Carlson  
Recently Wed To  
Detroit Man

Miss Elaine C. Carlson, daughter of Mr. and Mrs. August Carlson of Thompson, became the bride of Francis B. Hawley, of Detroit, at a ceremony performed April 11 at the Central Woodward Christian church in Detroit, the Rev. Edgar DeWitt Jones officiating.

Attending the bridal couple, in a wedding marked by dignified simplicity, were Miss E. Pearl Stevens and C. R. Weaver, both of Detroit.

The bride was attired in a street length dress of pink with brown accessories. She wore a corsage of pink roses.

Mrs. Hawley is a graduate of the local high school and of the Grace Hospital Nurses Training school in Detroit. For the past five months she has been employed at the Shaw hospital in Manistique. Mr. Hawley is a graduate of the Hammond, Ind., high school and is employed with the Tinkling Company in Detroit. Mr. and Mrs. Hawley will make their home in Detroit.

Byron Swedberg To  
Play Professional  
Football Next Fall

Byron Swedberg, nephew of Barney Johnson and well known in Manistique, has signed up with the Chicago Cardinals, a professional football organization of that city, according to a recent news article in a Chicago daily.

Swedberg was recently discharged from the armed service where he served as first lieutenant in the marines. Before his entry into the service he was a student at Augustana College, Rock Island, Ill., where his ability as an end on the school's team brought him into national prominence.

He is the son of Lt. Col. Arthur Swedberg, who in civilian life is a teacher at the Rock Island school. The Swedbergs, for many seasons, have spent their summers at Indian Lake.

Fathers On Program  
Of Lakeside-Central  
Parent-Teacher Meet

This evening's program of the Lakeside-Central PTA, at Lakeside school, will be in the nature of "Fathers' Night" with fathers in the membership conducting most of the program.

The bulk of the program will be devoted to a discussion of the subject "Compulsory Military Training." Those scheduled to participate in the discussion are Roger Smith, Ben Karwowski, Dr. James Fyvie, Stanley Carlson, Harvey Quick, George Babadielis and John Rozich. Mrs. Ray Payne will present the mothers' point of view. Howard Graff will be the monitor.

On the refreshment committee for the evening are Hugh Kennedy, George Morton and E. R. Monroe.

State Police Hold  
Frankfort Resident

State Police are holding in custody John Staggall, of Frankfort, whom they arrested when he arrived by ferry Wednesday afternoon.

Staggall, the police state, is wanted by the authorities at Ferndale for larceny and the sheriff of Ionia county on a bad check count.

## City Briefs

C. D. McNally returned Wednesday from Badenton, Fla., where he spent the winter.

Dr. and Mrs. A. J. Radgens and family are leaving Friday for Detroit where they will spend ten days visiting with relatives.

Miss Arlene McNamara has arrived here from Marquette where she is attending Northern Michigan College of Education, to spend Easter with her parents, Mr. and Mrs. Clarence McNamara, 702 Oak street.

Mr. and Mrs. Raul Bertrand and children returned to their home here Tuesday after spending the past three days in Marquette with relatives.

Mr. and Mrs. George Graphos are expected to return to their home here after Easter, following a visit in Florida and other points south. At the present time they are visiting in Hibbing, Minn.

Miss Violet Nelson is leaving today for Chicago where she will spend Easter at the home of Rev. and Mrs. P. S. Nestander.

Mr. and Mrs. Ben Norman of Rexton attended the funeral services here Tuesday of Ed Denny. They also visited at the home of Mr. Ada Mercure.

Mr. and Mrs. W. Williams have arrived here to spend their vacation at the home of Mr. and Mrs. James Howland, Indian Lake.

Woods Community  
Church To Provide  
Bus For Children

At a business meeting held after the regular service last Sunday at the Woods community Presbyterian church, Leon Rice and Curtis Clarke were elected trustees and Mrs. Fern Shuner was named Sunday school superintendent. Miss Laberta Anderson was appointed pianist and Miss Ruth Clarke, assistant pianist.

It was decided at the meeting to provide a bus in the future to carry the children to church services every Sunday. The bus service will begin Easter Sunday.

Large Flock Of  
Canadian Honkers  
Seen Near Town

Canadian honkers, the largest of wild geese, made Manistique a stopping place Tuesday evening while on their migration north. They were first observed about 7 o'clock in the evening near McNally's cabins along the lake shore. There were about one hundred in the flock. Fairly well shielded from view, they remained in the sandy shallows for nearly an hour. Then, probably aware that they were being watched, they took to flight and soon disappeared in the gathering darkness.

Local Girl's Poem  
Given Recognition

Miss Joyce Tank, a sophomore in Manistique high school, was notified this week that her poem, "March," has been accepted for publication in the National Anthology of High School Poetry.

CHURCH  
EASTERCOUNTY DADS  
FIX BUDGET

County Annual Expense  
Bill Tentatively  
Set At \$71,850

Numerous matters pertaining to the Schoolcraft county airport, instructions for the advertisement of bids for a fire truck, selection of a road commissioner and fixing the budget were the chief items of business disposed of at this week's session of the Schoolcraft county board of supervisors which came to an end Tuesday evening.

Joseph Carlson was made airport manager by a contract ratified by the board.

A contract with the United States government granting government use of the airport was signed. This contract permits the government to use the airport for emergency or special use.

Liability insurance, protecting the county from personal injury and property damage at the airport, was ordered by the board.

The building and grounds committee of the board was ordered to investigate the need of a new heating unit at the old infirmary.

A special committee consisting of William E. Tennyson, Lester Richards and Leonard Carley was instructed to advertise for bids for the purchase of a fire truck for the county and report their findings at the next regular meeting.

Harold McNamara was elected road commissioner to succeed Harold Bowman, who resigned. The board voted to request state aid for the continuance of the local office of veterans' affairs.

The board will meet shortly with the Francis Engineering Company to discuss matters concerning the head of postwar planning. Improvement of the airport will be the chief item of consideration at this meeting.

Following is the tentative budget submitted for approval at the meeting:

County Board of Social Welfare	\$27,000.00
Soldiers and Sailors Relief	700.00
Board of Supervisors	3,500.00
Circuit Court	3,500.00
Circuit Court Commissioners	100.00
Court House and Grounds	3,000.00
County Clerk and Register of Deeds	4,700.00
County Treasurer	4,700.00
Coroner	100.00
Elections	300.00
Fire Truck	1,500.00
Prosecuting Attorney	3,300.00
School Commissioner	2,500.00
Sheriff's Office	7,000.00
Judge of Probate	6,000.00
Agricultural Agent	1,200.00
Justice Court	300.00
Alger-Schoolcraft County Health Unit	1,500.00
Dental Clinic	450.00
Miscellaneous	500.00
TOTAL	\$71,850.00

Ripon College Head  
To Give Address At  
Local Graduation

Dr. Clark G. Keubler, president of Ripon college, will deliver the commencement address at exercises here on June 11, according to announcement by Supt. A. F. Hall.

Dr. Keubler, with the faculty of Northwestern University, addressed the Manistique Rotary a few years ago.

## Perkins

Perkins, Mich.—Mr. and Mrs. George Duydyt visited in Harris Sunday with Mr. and Mrs. Robert Hughes.

Mr. and Mrs. J. Babcock of Iron Mountain spent Sunday at the home of Mr. and Mrs. Joseph Fournier.

Gerard Duydyt and Miss Beverly Carlson returned Sunday night on the "400" from a week-end in Chicago, where they visited with Mr. Duydyt's son, Pvt. Don Duydyt of Fort Knox, Kentucky, who was in Chicago on a short leave.

Mr. and Mrs. Victor Hicks and two sons, Billy and Neal of Cedar Rapids, Iowa, are visiting with relatives here this week. From here they plan on going to Niagara, Wis., where they will make their home. Mrs. Hicks is formerly of this place.

Mr. and Mrs. Ted Soyering and two children Ivan and Lavarann of Gwinn called on Mr. and Mrs. C. J. LeClaire Sunday.

Mrs. Violet Patterson of Lansing called on friends here last week.

Mrs. Leo Cavell of Ottawa, Ill., spent last week visiting with relatives in Rapid River and with her parents, Mr. and Mrs. John Logan of this place.

Mr. and Mrs. Frank Decremier and children of Niagara, Wis., spent the week end at the home of Mr. and Mrs. F. Decremier.

Tungsten carbide is so hard that it will scratch sapphire.

## City Briefs

Elaine Norton and Carmel Caron arrived Wednesday night from Duluth, Minn., where they attend College, to spend the Easter vacation period at their homes.

Betty and Janet Lundin are arriving Friday evening from Milwaukee to spend the Easter week-end visiting their parents, Mr. and Mrs. Harry Lundin.

Miss Eleanor Kopp is arriving Saturday night from Milwaukee to spend several days visiting at the Martin Kopp home.

John Lundin, recently discharged from service in the Navy, has left for Chicago where he is employed.

Tony Marmillek, U.S.N., arrived Monday night from Manus Island, after 19 months in service, for a visit with his parents, Mr. and Mrs. Anthony Marmillek, 1210 Minnesota avenue.

Lieutenant and Mrs. Alton Harvey arrived Tuesday night from Waterville, Miss. to spend a seven day leave visiting with Mrs. Harvey's parents, Mr. and Mrs. Axel E. Larson, 915 Dakota ave.

Mrs. Harvey is the former Elizabeth M. Larson. She was a Navy nurse in the USNR, and received her discharge from service several days ago, with the rank of Ensign. She has been stationed for the past year in San Diego, Calif.

Miss Leone Larson returned Tuesday evening from Chicago where she has been visiting for the past several weeks.

Miss Geraldine Korinek, Menominee, will spend the week end visiting with her parents, Mr. and Mrs. Norman Korinek, 604 Minnesota avenue.

Miss Irene Legault is expected to arrive either Friday or Saturday night to spend the week end visiting with her parents, Mr. and Mrs. Fred Legault.

T. Sgt. Henry Legault, Selfridge Field, Mich. and Miss Jo Perante, Detroit, will spend the week end visiting with T. Sgt. Legault's parents, Mr. and Mrs. Fred Legault.

Miss Mary Lou Venne arrived Tuesday night from Fond du Lac, Wis. where she attends St. Mary's Springs Academy, to spend the week end visiting at her home.

The Misses Margaret Schenk, Shirley Snell and Joyce Davis, arrived Wednesday from Marquette where they attend the NMCE, to spend the Easter vacation period with her parents.

Mrs. A. H. Miller left Wednesday for a 10-day visit in Lansing with her daughter, Jean and her sister, Mrs. W. F. Ferguson.

Mr. Axel Berglund has been dismissed from St. Francis Hospital and has returned to her home at 916 Wisconsin avenue to recuperate.

The Fred Sieberts have moved into their new home at 1006 Lake shore drive, recently purchased from J. A. LaFramboise.

Mr. and Mrs. Sam Tang arrived yesterday from Miami, Fla., where they spent the winter months. They were accompanied by their daughter, Mrs. Joseph Marcos, who will visit here for several days.

Mr. and Mrs. Russell Radford are the parents of a son born April 10 at Augustana hospital, Chicago. Mrs. Radford is the former Beverly Jones.

## Briefly Told

**YPS Meeting**—The Young Peoples' society of Bethel Free church is to meet at 7:30 o'clock this evening at the church.

**Cancel Bowling**—Because of Holy Week no women's league bowling matches are being held at the Rialto alleys tonight.

**Prayer Service**—Prayer services are to be held at the parsonage of the Free Methodist church at 7:30 o'clock this evening.

**Ladies' Aid**—The Ladies' Aid society of the First Baptist church is meeting at the church this afternoon at 2:30 o'clock. Mrs. Elizabeth Carlson will be the hostess.

**Cleaning Bee**—Members of the Woman's department of the Latter Day Saints' church are having a cleaning bee at the church this evening at 7 o'clock.

**Masonic Meeting**—A special meeting of the Gladstone Lodge, F. and A. M., will be held this evening at the lodge hall at 7:30 o'clock. Work in the MM degree will be performed. A lunch will be served following the meeting.

Girl Scout Troop  
Forms Audubon Club

Troop No. 2, formed of Brownies and the most recently organized of Gladstone Girl Scout units, have formed an Audubon club which is to be known as the Chickadees.

Today they will have their regular meeting and an Easter Egg hunt has been planned.

The troop, led by Mrs. Robert Gazlay, assisted by Mrs. Ray Gazlay, is composed of Celes Denock, Sharon Girard, Sally Ann Goetz, Patricia Hoskins, Sharon Ann Mackie, Kella Michelson, Patricia Rae Morgan, Jennette Sue Olson, Beverly Seronko, Laverne Seronka and Margaret Jeanette Wilmotte.

Modern first aid practice has been traced back to the "Order of the Hospital of St. John of Jerusalem," founded nearly 900 years ago in England to give aid to pilgrims on the way to the Holy Land.

CHURCHES PLAN  
SPECIAL RITES

**Maundy Thursday Ritual  
Being Conducted  
Today**

Maundy Thursday services are being held in many churches of Gladstone today.

The institution of Holy Eucharist at the Last Supper is to be commemorated at All Saints' Catholic church throughout the day, starting at 8 o'clock this morning. In the evening from 7 to 8 o'clock there will be Holy Hour.

In the First Lutheran church there will be a Holy Communion service at 7:30 o'clock this evening. Following the Communion liturgy a sermon on "The Last Supper" will be delivered. The Woman's choir will sing "What Will You Do With Jesus" by Stocks.

At Memorial Methodist church at 8 o'clock this evening there also will be a Holy Communion service.

Maundy Thursday services in the Mission Covenant church will begin at 7:45 o'clock this evening.

At St. Paul's Lutheran church the service will begin this evening at 7:30 o'clock with Pastor A. Schabow of Hyde preaching the sermon, Holy Communion will be celebrated.

Easter Cantata  
Enjoyed By Many

Musical lovers who attended the Easter Cantata, "Hail the Victor" by Alfred Woeller, presented by the mixed chorus of Gladstone high school at the high school gym Tuesday evening under the direction of Irving Johns were well rewarded.

The 142-voice chorus was well trained and the soloists and ensembles did most pleasingly. Those who attended were lavish in their praise for the manner in which Director Johns had trained the large choral group and also spoke highly of the ability of the participants.

## Social

## Birthday Party

Mrs. George Moreau was the honored guest at a birthday party held Monday afternoon at her home, 1511 Delta avenue. The time was spent socially after which a delicious luncheon was served. Mrs. Moreau received many useful gifts in remembrance of the day.

Those from out of town attending were Mrs. Earl Williams, Mrs. Stanley LeMay and Mrs. Robert Pelkey of Escanaba, Mrs. Clarence Eagle and Mrs. Clarence Schwartz of Wells and Mrs. Roy Eagle, Mrs. Mike Constantineau and Mrs. Clyde Benson of Brampton.

Local Bowlers Roll  
Tourney Games Today

Six Gladstone bowling teams are traveling to Munising today to bowl in the annual Upper Peninsula tournament. They are the Lions, Arcadia, VanMills and Renegades of the American league and the Billygoats and Rock of the National loop.

All will bowl the five-man team event at 7 o'clock this evening and members of the teams with one exception will roll the doubles and singles immediately following. The exception involves the Renegades, members of which are to roll their doubles and singles at 4 o'clock this afternoon.

Caddie Association  
Meets Here Tonight

The Gladstone Caddie Association is meeting this evening at 6:45 o'clock in the City Hall for the purpose of enrolling boys of this city desirous of becoming caddies at the local golf course.

Application blanks with spaces for pertinent information will be given each of the boys attending, requirements of a good caddie will be explained and a set of rules or requirements provided each boy.

Boys meeting requirements will be given a registration card and also a serially numbered GGC caddie button. Ultimately a list of caddies by name and number will be posted at the clubhouse.

Only registered caddies will have the opportunity of enjoying on the course and enjoy the privileges of the caddy house.

Phi Beta Kappa, oldest American college Greek letter fraternity, was organized at William and Mary college, Williamsburg, Va., in 1775.

Drive Out Gas  
that is  
caused by Constipation

and comfort your stomach too

When functional constipation hangs on and makes you feel miserable, nervous and out of sorts and you suffer from its symptoms—headache, bad breath, upset stomach, indigestion, loss of sleep, lack of appetite, and your stomach feels crowded because of gas and bloating—get Dr. Pepp's time-tested KURIO. More than a laxative, it is also a stomachic tonic medicine compounded of 16 of Nature's own medicinal roots, herbs and botanicals. KURIO puts sluggish bowels to work and aids them to gently and smoothly expel clogging

# Cubs Make It Two Over Reds; Brownies Nose Out Tigers, 7 And 6

## BRUINS WIN 11-7 IN FREE HITTER

Cavarretta Belts First Home Run Of Season In Ninth Inning

Cincinnati, April 17 (P)—The Chicago Cubs made it two in a row over the Cincinnati Reds today, winning 11-7 in a free hitting contest which saw Phil Cavarretta, the 1945 National League batting champion, belt his first homer of the season in the ninth inning.

Going into the ninth, last year's pennant winners were on the short side of a 7-6 score. Cavarretta's fence buster also scored Peewee Reese, who had a pair of singles coupled with a force play accounted for three more Chicago runs in the final frame.

Johnny Vander Meer, of no hit fame, started for Cincinnati but was sent out of the game in a three-run burst the Cubs put on in the seventh. Hank Wyse, pitching for Chicago, met a similar fate in the fifth when Cincinnati got four runs.

Chicago ... 000 030 305—11 11 2  
Cincinnati ... 200 040 010—7 9 2  
Wyse, Schmitz (5), O'Neill (6), Kush (7) and Livingston, Scheffing (7), Vander Meer, Gumbert (7), Shoun (7), Blackwell (9) and Mueller, Lamanno (9).

### PHIL PITCHER WILD

New York, April 17 (P)—Bob Joyce, 31-year old right-hander who won 31 games for the San Francisco club last year, held the Phillies to seven hits today and struck out nine men as the New York Giants eased out a 5-2 victory.

Frank Hoerst's wildness cost the Phillies the ball game as the lean left-hander walked nine in six and one third frames although he allowed only three hits.

Mel Ott's crew took full advantage of the southpaw's wildness to score once in the first and twice in the sixth, the first two coming without benefit of a base hit. The Giants led the contest with two runs in the seventh.

Philadelphia ... 000 010 100—5 4 0  
New York ... 100 002 20x—5 4 0  
Hoerst, Jurisch (7), Mulligan (8) and Hemsley, Joyce and Lombardi.

### CARDS OPEN UP

St. Louis, April 17 (P)—A 13-hit attack by the St. Louis Cardinals, who snapped out of their opening-day lethargy, and 7-hit pitching by Southpaw Max Lanier gave the 1946 National League pennant favorites a 6-0 shutout

over the Pittsburgh Pirates today. Where five Redbird hurlers in Tuesday's opener displayed a nerve-wracking exhibition of wildness, Lanier improved as he went along. Manager Eddie Dyer's team looked nothing like the aggregation which the Pirates had trimmed 6-4.

Only two Pirates advanced as far as second base. A Pittsburgh scoring threat in the second inning fizzled with Elbie Fletcher and Bill Russell on first and second.

Pittsburgh ... 000 000 000—0 7 2  
St. Louis ... 011 002 11x—6 13 0  
Gables, Lanning (8) and Smith, Lanier and Rice.

**VICTORY FOR ROOKIE**  
Boston, April 17 (P)—Rookie Hank Behrman, a 24-year old right-hander who was purchased from the Montreal farm club Monday, turned back the Boston Braves today with nine scattered hits as Brooklyn evened the opening series with a 4-2 victory.

Brooklyn put together a walk to Peewee Reese, singles by Billy Herman and Pete Reiser, an error by Shortstop Dick Culler and an outfield fly by Dick Whitman for three runs off starter Ed Wright in the first inning.

Brooklyn ... 300 000 100—4 7 1  
Boston ... 110 000 000—2 9 2  
Behrman, a and Anderson, Wright, Wallace (2) and Masi.

**Greenberg's Wife Wants No Spotlight**  
Detroit, April 17 (P)—Fans of the World Champion Detroit Tigers were getting acquainted today with a newcomer to the official family of Bengal rosters, Carol Gimbel Greenberg, bride of home-hitting Hank Greenberg.

It was evident from the start that Mrs. Greenberg, daughter of Bernard F. Gimbel, eastern department store magnate, intended to leave the center of the stage to her husband and his home runs as far as baseball was concerned.

Mrs. Greenberg said she preferred it that way—and she's a sports figure in her own right. A horsewoman, she has taken part in many exhibitions in the east, but this brunette with the long curls says she'll leave baseball all to Hank if she can.

"When my picture was published in the past, it was usually because I had done something, such as exhibit horses," she said. "I don't mind it when I myself have done something. But to print my picture just because I'm married to Hank—it just doesn't seem right."

From a box seat along the first base line Hank's bride watched him win yesterday's season opener with his home run smash against

**PERCH ARE RUNNING**—Rivalling the smelt run and following closely in its wake is the annual spawning run of yellow perch. Van's Harbor (above), near Garden Bay, is a popular spot, although Nahma and many other points on both Big and Little Bays de Noquet provide excellent fishing during the run.

## The Sports Parade

By Ken Gunderman

There will be no public bathing beach at Ludington Park this summer nor in the summer of 1947 because of the vast work program that is required to complete the beach project. Thousands of yards of sand will have to be moved and the action of the sand-sucker will make the entire south shore unsuitable for public bathing while the work is in progress. What will eventually be Escanaba's municipal beach is now a mass of water. The job of filling is so gigantic that it cannot possibly be completed in a single season.

The city bathing beach this summer and probably next will be located on the north shore of Sand Point. At best it will be a makeshift swimming area, but it will be clean with a sandy beach and adequately staffed with lifeguards during established swimming hours. It is planned to provide some playground equipment in the area, beach benches and other recreational conveniences. Bathroom facilities will be makeshift and the water temperature on the north shore is never as ideal as on the south shore. However, these are inconveniences that the public will have to accept while awaiting the completion of a beach area which the city planners promise will be among the finest in the north.

Coach Leo Brunelle at Stephenson high school has put his baseball uniforms carefully back in mothballs. Brunelle reported that Stephenson has found it impossible to book sufficient games for a creditable schedule. In fact Stephenson had only two games booked, both of them with Escanaba. Since it is impractical to train a baseball club to play only two games, Stephenson decided to abandon the sport for this season. The Eagles will concentrate on a track program this spring.

The cancellation of the Stephenson games also will be a hard blow at the Escanaba high school's endeavors to establish baseball on an intercollegiate basis here this season. Neither Gladstone nor Manistique will field a high school baseball team in 1946. The Me-

displaced persons of Europe received the 9,000,000 American Red Cross food parcels which were left over when the war ended.

Displaced persons of Europe received the 9,000,000 American Red Cross food parcels which were left over when the war ended.

nominee Range schools have plugged their schedules with their range league games, but the Eskymos may be able to break in there for a game or two. The Soo and Newberry are reported to be planning baseball clubs this spring, and there are possibilities for games with those clubs although the distance factor is a consideration.

Local sporting goods dealers report an upsurge in tennis enthusiasm in Escanaba this season. For some unaccountable reason, participation in tennis during the war years dropped out of proportion to the decreased activity in other sports. The sales of new tennis rackets, tennis shoes, balls, etc., however, indicates a marked increase in interest. The city has indicated that it will improve the asphalt courts that have deteriorated and will also extend the back court of the concrete courts at Ludington Park this summer.

### GAMES TODAY

New York, April 17 (P)—Probable pitchers for tomorrow's major league games, with won and lost records for 1945 in parentheses:

**National League**  
New York at Brooklyn: Feldman (12-13) vs. Higbe (0-0) or Lombardi (10-11).  
Chicago at Cincinnati: Bithorn (0-0) vs. Andrews (7-12).  
Pittsburgh at St. Louis: Albosta (0-0) vs. Pollet (0-0).  
(Only games scheduled)

**American League**  
St. Louis at Detroit: Galehouse (0-0) vs. Benton (13-8).  
New York at Philadelphia: Marshall (0-0) or Gettel (9-8) vs. Flores (7-10).  
Boston at Washington: Harris (0-0) vs. Scarborough (0-0).  
(Only games scheduled)

### SEEN BY REFRACTION

Mount Canigon, 157 miles west of Marseilles, France, at times can be seen by the residents of that city, although the mountain is actually below the horizon. Refraction of light rays causes the phenomenon.

### CRUSHED BY DRYING

In ancient China, political prisoners sometimes were put to death by being wrapped in a fresh rhinoceros skin. The skin contracted as it dried and crushed its victim.

## LAST 2 INNINGS FINISH DETROIT

Virgil Trucks Charged With Loss; Three Pitchers Pounded

BY FRANK KENESSON

Detroit, April 17 (P)—Scoring twice in the eighth on Walt Jud-nich's home run and twice more in the ninth against a parade of three pitchers, the St. Louis Browns came from behind to nose out the Detroit Tigers 7 to 6.

Vern Stephens, Brownie shortstop who went to Mexico and back just before the season opened, knocked in the tying run with a long fly in the ninth, his first at bat this year.

The victory went to Southpaw Relief Pitcher Sam Zoldak, who worked only 1½ innings after relieving Starter Newman Shirley. Virgil Trucks, charged with all seven St. Louis runs, was the loser although Stubby Overmire and George Caster saw service for Detroit in the ninth.

### Homer Sets Stage

Although Shirley allowed only two hits in the first six innings wildness had him in trouble often before the Tigers knocked him out of the box in the middle of a string of five straight hits in the seventh, which produced three runs and gave Trucks a 6 to 3 lead.

Trucks, who fanned seven Browns in the first seven innings, served up Judnich's home run ball with one out in the eighth after Lou Finney had reached first on Pinky Higgins' error. Those two runs shaved the Tigers' edge to 6-5 and set the stage for the winning Brownie rally.

Catcher Frank Mancuso, first up in the ninth, slapped a single to left and went to second when First Baseman Chuck Stevens walked. George Archie went in to run for Mancuso, Joe Grace batted for Zoldak and Overmire was called in to relieve Trucks.

With a left-hander on the mound, Grace was called back to the dugout and Glen McQuillen took the bat. Overmire fielded McQuillen's bunt, but Higgins failed to cover third and Stubby had to throw to first for the putout, both runners advancing.

After Overmire gave Johnny Lucadello an intentional pass Stephens batted for Al Zarilla and Caster was called in from the bullpen to pitch to him. After putting over two strikes, Caster gave Stephens the pitch he liked and he sent a fly deep to Pat Mullin in right. Archie scoring the tying run after the catch. Finney then singled to center, knocking in Stevens with the run that meant the ball game.

### Errors Frequent

Judnich, with a double and a homer, drove in three runs for the Browns while Hank Greenberg, with a single and a double; Dick Wakefield, with a fluke single, and Higgins, with a timely double, each batted in two Tiger runs.

The game was notable for its errors, both of commission and omission. Three miscues were charged to the Browns and two to the Tigers, four of the five resulting in runs.

Their opening series deadlocked at one game apiece, the Tigers named big Al Benton to pitch Thursday and the Browns pinned their hopes on Denny Clinehouse.

**THREE RUNS ON HOMER**

Washington, April 17 (P)—Dom Di Maggio hit a three-run homer inside the park in the second inning today as Boston's Red Sox slugged out their second win over Washington's Senators, 13 to 6.

Ted Williams had a perfect day at bat. He hit a single, and two doubles his first three times at bat and drew three walks. Dave Ferriss, Boston's 21-game winner last year, failed to last four innings, but Earl Johnson, a southpaw, pitched shutout ball until the ninth in a relief role. The Red Sox pounded five Washington hurlers for 15 hits.

Boston ... 041 302 021—13 15 0  
Washington 012 200 001—6 11 1

Ferriss, Johnson (4) and Wagner; Masterson, Curtis (3), Wilson (4), Pieretti (6), Kennedy (9) and Evans.

**BOBO STOPS YANKS**

Philadelphia, April 17 (P)—Old Bobo Newsom silenced the Yankee bats with three hits today as his Philadelphia Athletic mates pounded on a trio of New York hurlers for nine safeties, five of them good for as many runs in the seventh inning, to defeat the Bronx Bombers 7-1 and even the series at one game apiece.

Trailing 1-0 since the first inning, the Yankees tied the score at 1-1 on Aaron Robinson's home run in the top half of the seventh. Then the Athletics went to work on Rookie Randy Gumpert.

Although he walked four and hit three batters, Bobo was in complete charge except for the seventh inning when Robinson smacked him for the homer. Bobo made two of the three hits off Newsom, Oscar Grimes getting the other.

New York ... 000 000 100—1 3 3  
Philadelphia 100 000 51x—7 9 0  
Gumpert, Wight (7), Roser (7) and Robinson; Newsom and Rosar.

**INDIANS SWEEP SERIES**

Chicago, April 17 (P)—Ken Keltner hammered two home runs and a double accounting for four runs today to ename the Cleveland Indians to wallop the Chicago White Sox, 7 to 1, and sweep the opening two-game series.

The Indians belted Johnny Rigney and Orval Grove for 14 hits, while the White Sox got only five hits off Ollie Reynolds.

Reynolds handuffed the White Sox for the first six innings, holding them to one hit. The Sox did not get their first run of the season across until the seventh when Kolloway singled, went to third on Tresh's single and scored when Bob Lemon threw wildly to third. Cleveland ... 000 103 102—7 14 1  
Chicago ... 000 000 100—1 5 1  
Reynolds and Hayes; Rigney, Grove (8) and Tresh.

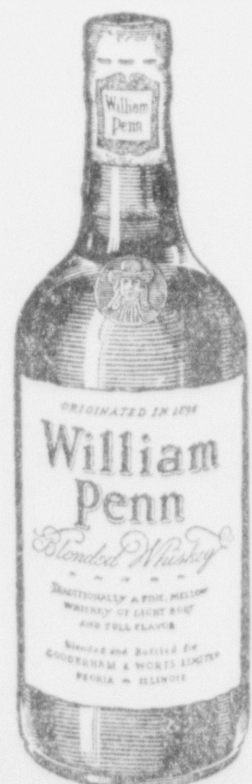

**HIS ATTEMPT WAS BALKED**

Although Zebulon Pike discovered the peak which bears his name in 1806, he was balked by snow, ice and hunger, in his attempt to scale the mountain. Major S. H. Long made the first ascent in 1819.

## Bridge To Pleasant Yesterdays

William Penn is a whiskey that dates back, in character, to coaching days and old-fashioned wayside hospitality. It warms like a tavern hearth; cheers like a tavern song. And its flavor will convince you that whiskey, when properly made as our ancestors made it, can be as gentle and mellow as candlelight—as genial as a roadside inn. Try William Penn and see for yourself!

## INJURIES FATAL TO CAR DRIVER

Peter Madalinski, War Veteran, Victim Of Auto Mishap

Peter A. Madalinski, 36, son of Mr. and Mrs. Ignatz Madalinski, of LaBranche, died in St. Francis hospital Wednesday morning at 5:30 o'clock from chest injuries received in an automobile accident Saturday night. Madalinski sustained a punctured lung and other internal injuries when an automobile which he was driving collided with a machine driven by Leo Rice, of Iron Mountain, a half

mile west of the Escanaba city limits on US-2-41 at 11:40 p. m. Saturday.

Madalinski, a war veteran, was born at LaBranche Jan. 1, 1909. He enlisted in the army July 7, 1940 and was discharged Oct. 10, 1945. He trained at Camp Custer, Mich., and Camp Atterbury, Ind. and served 16 months overseas in the ETO with the 80th infantry division. He won the combat infantryman's badge, presidential unit citation and three battle stars.

Besides his parents, he is survived by the following brothers and sisters: Frank, Ottawa Lake, Mich.; John, Toledo; Joseph, Bark River; Edmund, Walter and Stanley, of LaBranche; Mrs. Anthony Weslow, of Detroit; and Mrs. George Xerses, of Detroit.

The body was prepared for burial at the Boyle funeral home in Bark River and will be re-

turned to the family home in LaBranche this afternoon at three o'clock. Funeral services will be held at the family home at nine o'clock Thursday morning and at ten o'clock at St. Michael's church in Perronville. Rev. Fr. Ray Pzybylski will officiate and interment will be made in Perronville cemetery.

Military funeral rites will be conducted by the Cloverland Post, American Legion.

## Extempore Speech Event At Menominee Won By Sue Moran

Sue Moran, Escanaba high school senior, won first place in extempore speaking in the district contest at Menominee Tuesday night. Valerie Spade was awarded second place in dramatic declamation and Harold Sundelius, sophomore speech student, won second place in oratorical declamation in the tri-school meet.

Menominee high school students placed first in each of the four events except that won by Miss Moran. Only one Iron Mountain representative, Dave Anderson, placed; he was awarded second in the extempore speech event. First place winners will represent their schools again in the regional contest which will be held here on or about May 10.

Valerie Spade's presentation of "Jacob Comes Home" won the approval of all three judges for first place in dramatic declamation, but because the Escanaba speaker ran several minutes overtime, she was automatically disqualified as the winner and could be awarded only second place.

Sue Moran drew the topic, "Democracy in Europe", in the extempore event and her excellent discussion of the subject for seven minutes also received the unanimous decision of the judges for first place.

Escanaba's representatives in oratory, James Deignan and David Locke, drew unfavorable speaking positions in that they were among the last to present their orations. Menominee speakers were awarded both first and second place.

Judges at the district meet were Forest A. Roberts, D. H. Bottom and Dr. Albert H. Burrows of the faculty of Northern Michigan College of Education, Marquette.

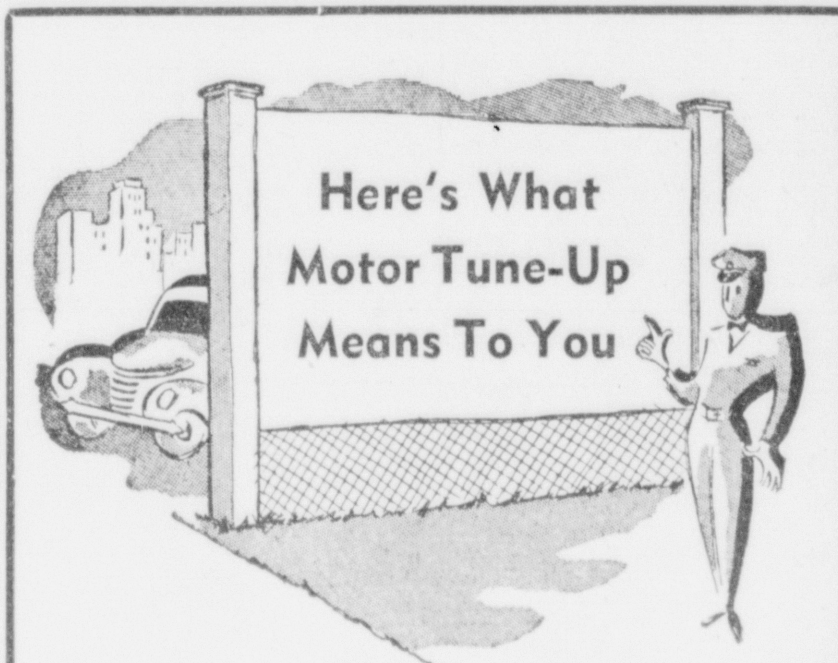

## TOO FAT? Get SLIMMER

this vitamin candy way

Have a more slender, graceful figure. No exercising. No laxatives. No drugs. With the simple AYDS Vitamin Candy Reducing Plan you don't cut out any meals, starches, potatoes, meat or butter, you simply cut them down. ## Council Will Act On Liquor License Renewals Tonight

The city council will consider the applications of local liquor licenses seeking renewal of their permits as the first item of business at the regular session this evening at 8 o'clock in the city hall council chambers.

Other matters which the council will consider and probably act

upon tonight are: the local civil service commission's recommendation in regard to accidents involving municipal employees while on the job; consideration respecting the proposed sale of five acres of city property north of the municipal dumping ground; consideration of a proposal to remove the second floor of that part of the city owned Steele-Wallace building which is now being repaired for the Northern Motor company at a cost of \$800.

The Evangelical Covenant church, corner of First avenue south and 14th street, seeks permission to build an addition on

the Escanaba Dairy building which it owns, and council will act on that matter tonight; another request regarding commercial construction is that by a local veteran who is asking permission to build a number of tourist cabins a block north of the intersection of highway M-35 and Lake Shore drive on the east side of the highway.

Last two items on the council's agenda are: consideration of advertising for sale the city owned lots in the I. Stephenson company plat and a request for extension of sanitary sewer on west Ludington street.
